SUMMARY RECORD OF THE TWENTY-FIFTH MEETING

Corrigendum

Page 1, fourth paragraph, first line

Mr. HAGEMANN (Germany) should read "Mr. EICHORN (Germany)"

Page 2, third paragraph, second line and last sentence

In the second line of Baron BENTINCK's statement insert after the word "delegation" the following:

"... and a perhaps too optimistic view as to the possible perspectives it might open for further progress in the field of tariff reduction."

Delete the last sentence of this paragraph and substitute the following:

"He stated that the reactions obtained during his informal discussions with other delegations had been encouraging in some cases but discouraging in others and he regretted to say that thus far he had not found it possible to finalize a new working paper. He would, however, reserve the possibility to take up the matter again after the recess."
