Committee on Tariff Concessions

SUBMISSION OF LOOSE-LEAF SCHEDULES

Schedule III - Brazil

Addendum

Following consultations with the Delegation of Brazil and those delegations which requested an extension of the time-limit for the verification of Schedule III - Brazil in loose-leaf form, it would appear necessary to include the following note as part of the Schedule in order to explain certain discrepancies between the Brazilian schedule which had been renegotiated in 1958 and the results of the renegotiations published in document SECRET/187 and Add.1 to 14.

"NOTE TO SCHEDULE III - BRAZIL

Brazil negotiated a new Schedule III in 1958 which was formally established in BR/58 Protocol and procès-verbaux.

From 1967 to 1974 Brazil renegotiated its schedule in connexion with the introduction of a new customs tariff. The results of these renegotiations were circulated in document SECRET/187 + Add.1 to 14.

SECRET/187 and addenda contain a complete list of the Brazilian concessions at the end of these renegotiations. Concessions which were contained in BR/58 Protocol and procès-verbaux but which were not modified as a result of the 1967-1974 renegotiations, appear twice in column 4 of the loose-leaf schedule, both as being contained in BR/58 Protocol and procès-verbaux and as contained in SECRET/187 and Add.1-14. To the extent that a bound rate of a concession originally granted in 1958 was reduced as a result of the 1967-74 renegotiations, the item appears at its present bound level in column 4 and an indication of the 1958 bound rate and the INR at that level appear in columns 6 and 7.

Concessions contained in the 1958 Protocol and procès-verbaux which do not appear in the present schedule, were withdrawn as a result of the 1967-1974 renegotiations."
