Dear Ambassador Raffaelli,

I have the honour to forward to you the attached notification to the Textiles Surveillance Body of modifications to the provisions of the Memorandum of Understanding between the Government of Canada and the Government of the Kingdom of Thailand regarding the export of underwear and sweaters from Thailand for import into Canada.

Yours sincerely,

J.L. MacNeil
Minister
Short Reasoned Statement to accompany the notification to the Textiles Surveillance Body of a modification of the provisions of the Memorandum of Understanding between the Government of Canada and the Government of the Kingdom of Thailand relating to the export from Thailand of certain textiles and textile products for import into Canada.

With reference to paragraph 4 of Article 4 of the Arrangement Regarding International Trade in Textiles (hereinafter referred to as the MFA), done at Geneva on December 2, 1973, and to the Protocol extending the MFA, done at Geneva, December 22, 1981, I have the honour to notify the Textiles Surveillance Body of a modification to the provisions of the Memorandum of Understanding (MOU) between the Government of Canada and the Government of the Kingdom of Thailand relating to the export from Thailand of certain textiles and textile products for import into Canada which expires on December 31, 1986. The modification provides for the establishment of restraints on Thai shipments of underwear and sweaters to Canada for the period commencing for underwear, on January 1, 1985 and, for sweaters on November 1, 1984. This modification to the MOU takes into account circumstances facing the Canadian underwear and sweater markets and the position of Thailand as a supplier to those markets.

The Government of Canada believes this modification to the MOU to be in conformity with the provisions of the MFA and its Protocol of Extension and, as such, in keeping with the gradual liberalization of the Canadian import programme for textiles and clothing.

Accept, Sir, the renewed assurance of my highest consideration.
Agreed Record of Consultations

Delegations representing the Government of Canada and the Government of the Kingdom of Thailand met in Bangkok on December 18-20, 1984 to consider Canada's request for consultations regarding exports from Thailand of underwear and sweaters in accordance with provisions of the Arrangement Regarding International Trade in Textiles and Clothing (i.e. MFA).

It was agreed by both sides, pursuant to Article 4 of the MFA, that the Memorandum of Understanding between the two countries be amended to include restraint provisions governing the export of underwear from Thailand to Canada for the two calendar year periods commencing on January 1, 1985 and ending on December 31, 1986. In this regard, the two sides agreed that the restraint level for calendar year 1985 will be 1,000,000 units and that this will be increased by 6 percent to form the restraint level for calendar year 1986. It was further agreed that this category shall be accorded swing of 7 percent, carryover and borrow-forward of 11 percent of which borrow-forward shall not be more than 6 percent, and a conversion factor of 0.5 square metres per unit.
It was further agreed by both sides, pursuant to Article 4 of the MFA that the Memorandum of Understanding between the two countries be amended to include restraint provisions governing the export of sweaters from Thailand to Canada for the period November 1, 1984 to December 31, 1984 and for the two calendar year periods commencing on January 1, 1985 and ending on December 31, 1986. In this regard the two sides agreed that the restraint level for November 1, 1984 to December 31, 1984 will be 129,000 units, that the restraint level for calendar year 1985 will be 820,000 units and that the 1985 restraint level will be increased by 6 percent to form the restraint level for calendar year 1986. It was further agreed that this category shall be accorded swing of 7 percent, carryover and borrow-forward of 11 percent of which borrow-forward shall not be more than 6 percent, and a conversion facfor of 1.2 square metres per unit, with the exception that the carryover from November 1 to December 31, 1984 to the 1985 calendar year is not to exceed 26,000 units. In addition, it was agreed that Thai authorities will administer the restraints for underwear and sweater shipments to Canada,
effective January 1, 1985 through the issuance of "Export Certificates" endorsed and issued by the proper Thai authority. For purposes of classification, underwear and sweater, as defined in the attached annex, will be included as items number 9 and 10 respectively of the Memorandum of Understanding.

The Canadian side indicated that, for its part, agreement to the above understandings with respect to both underwear and sweaters be on an ad referendum basis subject to approval by Canadian Ministers. The Thai delegation also indicated that, for its part, the above understandings with respect to sweaters should be on an ad referendum basis subject to final approval by the Government of the Kingdom of Thailand. Accordingly, both sides indicated that such arrangement would be finalized through an exchange of notes between the two Governments.
