Mr. M. Raffaelli
Chairman
Textiles Surveillance Body
General Agreement on Tariffs
and Trade
Centre William Rappard
154, rue de Lausanne
1211 Geneva 21

Dear Mr. Raffaelli,

I have the honour to forward to the Textiles Surveillance Body, the attached notifications under Articles 7 and 8 of the MFA concerning modifications of the provisions of the Memorandum of Understanding between the Government of Canada and the Government of Mauritius and concerning the application of quantitative import controls on clothing imports from North Korea.

Yours sincerely,

R.G. Wright
Minister
With reference to Articles 7 and 8 of the Arrangement Regarding International Trade in Textiles (hereinafter referred to as the MFA) done at Geneva on December 20, 1973 and to the Protocol extending the MFA, done at Geneva, December 22, 1981, I have the honour to notify the Textiles Surveillance Body of modifications to the provisions of the Memorandum of Understanding between the Government of Canada and the Government of Mauritius Relating to the Export from Mauritius of Certain Textiles and Textile Products for the Import into Canada.

The modifications provide for the addition of men's and boy's shirts with tailored collars effective March 21, 1986 to December 31, 1990 and the extension of existing coverage on sweaters effective January 1, 1986 through December 31, 1990. The modifications take into account circumstances facing the Canadian clothing market and the position of Mauritius as a supplier to that market. The textile products subject to the modification fall within the scope of the MFA.

Although Mauritius is not an MFA member, the arrangement provides for restraint levels consistent with MFA provisions, as well as for carry-over and carry-forward of up to 11 per cent, of which carry-forward may be up to 6 per cent.

The Government of Canada believes this arrangement to be in conformity with the provisions of the MFA and its Protocol of Extension and, as such, in keeping with the gradual liberalization of the Canadian import program on clothing and textiles.

Accept, Sir, the renewed assurance of my highest consideration.
The Embassy of Canada presents its compliments to the Embassy of Mauritius and wishes to refer to the Memorandum of Understanding signed by the representatives of Canada and Mauritius in Port Louis on March 20, 1986 regarding the restraint of exports of tailored collar shirts and sweaters to Canada from Mauritius.

Canadian authorities wish to confirm that Canadian ministers have given approval to the provisions contained in the Memorandum and propose that this Note, together with the reply from Mauritian authorities confirming acceptance by their government, give effect to the arrangement outlined in the Memorandum.

Washington, D.C., August 26, 1986
The High Commission of Mauritius to Canada presents its compliments to the Embassy of Canada and with reference to the Canadian Embassy's Note (No. 146) of August 26, 1986, has the honour to state the following.

Mauritian authorities agree that the present Note together with the Canadian Note (No. 146) referred to above constitute an acceptance by the Government of Mauritius of the "Memorandum of Understanding signed by the representatives of Canada and Mauritius in Port Louis on March 20, 1986 regarding the restraint of exports of tailored collar shirts and sweaters to Canada from Mauritius".

The High Commission of Mauritius to Canada avails itself of this opportunity to renew to the Embassy of Canada the assurances of its highest consideration.

MEMORANDUM OF UNDERSTANDING
BETWEEN
THE GOVERNMENT OF CANADA
AND
THE GOVERNMENT OF HAITI

RELATING TO THE IMPORT FROM HAITI OF
CERTAIN TEXTILES AND TEXTILE PRODUCTS
FOR THE IMPORT INTO CANADA
Memorandum of Understanding between the Government of Canada and the Government of Mauritius relating to the export from Mauritius of certain textiles and textile products for import into Canada.

INTRODUCTION

1. This Memorandum of Understanding (M.O.U.) sets out the arrangements that have been agreed between the Governments of Canada and Mauritius regarding the export of certain textiles and textile products from Mauritius for import into Canada.

SECOND PERIOD

2. Except as otherwise indicated in Annex I, these arrangements will apply for the period commencing on 1 January 1986 and ending on 31 December 1990.

RESTRICTION LEVELS

3. Except as provided for in paragraphs 13 to 14 below or in Annex I, the Government of Mauritius will restrain its exports to Canada of the textiles and textile products described in Annex I for the period commencing 1 January 1986 and ending on 31 December 1986 to the limits specified therein.

4. For the four calendar year periods commencing 1 January 1987 and ending on 31 December 1990, the Government of Mauritius will restrain its exports to Canada of the textile products described in Annex I to the limits specified therein advanced on an annual basis by the growth rate specified in column 9 of Annex I.

SCOPE

5. For the purposes of classifying textiles and textile products in the appropriate category, the definitions and notes set out in Annex II will apply.

ADMINISTRATION

6. These arrangements will be implemented on the basis of the export control system operated by the Government of Mauritius.
7. The Government of Canada will admit imports of the textiles and textile products described in Annex I provided such imports are covered by an original copy of an "export permit" containing the information as provided in the specimen licence in Annex III, and issued by the proper Mauritian authority to the effect that the imports covered by the licence have been credited to the applicable quantitative limit as set out in Annex I.

8. The export licences issued by the Government of Mauritius in respect of products subject to restraint levels as specified in Annex I of this arrangement will contain the following information:

1. Country of destination,
2. Country of origin,
3. Licence number,
4. Importer’s name and address,
5. Exporter’s name and address,
6. Category number and description of products set out in Annex I of the WTO,
7. Quantity expressed in units,
8. F.O.B. or C.I.F. value except for non-commercial consignments.

9. Export permits when approved by the Government of Mauritius in accordance with paragraph 8 will have been debited against the restraint levels set out in Annex I for the year in question.

10. In the event any quantity covered by an export licence is not shipped, the Government of Mauritius will notify the Government of Canada of such quantity which may be credited by the Government of Mauritius to the appropriate restraint level.

11. The Government of Mauritius will endeavour to ensure that exports of all textiles and textile products which are listed in Annex I are spread out as evenly as possible during each restraint period, due account being taken of seasonal factors and of normal channels of trade.

12. If, on the basis of export data provided by the Government of Mauritius, the Government of Canada ascertains that there is a sharp and substantial increase in the concentration of exports of the textile products listed in Annex I, other than that attributable to
normal seasonal factors, it may request consultations in accordance with the provisions of paragraphs 20 and 21 with a view to remedying this situation.

**carry-over/carry-forward**

13. Following notification to the Government ofendum of the quantities involved, portions of any quantitative limit set out in Annex I which are not used during the restraint period may be carried over and added to the corresponding quantitative limit for the following restraint period up to a maximum of 1/1 of the restraint level for the following period.

14. Any restraint level may be increased by an amount advanced from the corresponding restraint level for the following restraint period up to a maximum of 6% of the restraint level for the year in question.

**Exchanges of statistics**

15. Both Governments will exchange such other statistical data relating to exports of textiles and textile products not subject to these arrangements as may reasonably be required.

16. The Government of Mauritius will provide the Government of Japan with monthly statistics relating to exports of the textiles and textile products listed in Annex I which are licensed for export to Japan and credited against restraint levels for each restraint period as specified in Annex I.

17. When submitting the monthly statistics mentioned in paragraph 16, the Government of Mauritius undertakes to include the following information:

   a. Category and description of goods as set out in Annex I,
   b. Original and adjusted restraint level for the restraint period,
   c. Total quantity issued for the restraint period to date in units,
   d. Notification of any utilization of carry-over or carry-forward provisions and the quantities involved as provided for in paragraphs 13 and 14 above.

This information should be provided as soon as possible following the end of each month.
18. The Government of Canada will provide the Government of Mauritius with monthly statistics relating to import permits issued for imports originating in Mauritius of the textiles and textile products listed in Annex I, along lines similar to the statistics to be provided by the Government of Mauritius pursuant to paragraph 16 above.

RE-EXPORTS

19. The Government of Canada will, so far as possible, inform the Government of Mauritius when imports into Canada of textiles and textile products subject to these arrangements are subsequently re-exported from Canada. Where such re-exports have been debited by the Government of Mauritius to quantitative limits the Government of Mauritius may then credit the amount involved to the appropriate quantitative limits.

CONSULTATIONS

20. Either Government has the right to request consultations with the other Government on any matter arising from the implementation or operation of these arrangements or on any matter germane thereto. Such consultations will be governed by the following:

- Any request for consultations will be notified in writing to the other Government;
- The request for consultations will be accompanied by or followed within a reasonable period (and in any case not later than twenty-one days following the request) by a statement setting out the reasons and circumstances which, in the opinion of the requesting Government, justify the submission of such a request;
- The other Government will accept such a request and such consultations will be held within thirty days of the date of notification of the request;
- Both Governments will enter into consultations with a view to reaching a mutually acceptable conclusion within thirty days of the date on which actual consultations commence.

21. Any consultations held under these provisions will be approached by both Governments in a spirit of cooperation and with a desire to reconcile the difference between them.
22. Either Government may at any time propose revisions to the terms of these arrangements. In the event of such proposal, consultations will be held in accordance with the provisions of paragraphs 20 and 21.

MODIFICATION
23. Either Government may terminate these arrangements effective at the end of any restraint period by written notice to the other Government, to be given at least ninety days prior to the end of any restraint period.

ANNEXES
24. The annexes to this Memorandum of Understanding will be considered an integral part of it.

FINAL PROVISIONS
25. This Memorandum of Understanding supersedes the Memorandum of Understanding concluded on 16 May 1984 between the Governments of Canada and Mauritius in respect of exports of six items from Mauritius for import into Canada and will be effective on 1 January 1986 subsequent to an exchange of notes between the two Governments confirming their acceptance of these arrangements.
