The Honorable
Ambassador Marcelo Raffaelli
Chairman, Textiles Surveillance Body
GATT
Rue de Lausanne 154
1211 Geneva

Dear Ambassador Raffaelli:

Pursuant to the provisions of paragraph 4 of Article 4 of the Arrangement Regarding International Trade in Textiles, I am instructed by my government to inform the Textiles Surveillance Body of a new five-year (1/1/87-12/31/91) bilateral textile agreement between the Government of the United States of America and the Government of the Republic of the Philippines. This new bilateral supercedes the three-month extension notified earlier (see paragraph 27 of COM.TEX/SB 1256).

The new agreement, as were its predecessors, is designed to facilitate the orderly growth of imports from the Philippines while at the same time avoiding disruptive effects in the U.S. market.

This new agreement has a different overall categories, different consultation procedures, structure and expanded coverage when compared with its predecessor. The new agreement is outlined in the attached summary.

Additional information to facilitate preparation of a fact sheet is being provided separately.

Sincerely,

Robert E. Shepherd
Minister Counsellor

THE UNITED STATES AND THE REPUBLIC OF THE PHILIPPINES SIGN NEW BILATERAL TEXTILE AGREEMENT

The United States and the Republic of the Philippines exchanged letters dated March 4, 1987 to establish a new bilateral textile agreement. The texts of the letters follow:

UNITED STATES LETTER

Antonio I. Basilio
Commercial Counsellor
Embassy of the Philippines
March 4, 1987
Washington

Dear Mr. Basilio:

I have the honor to refer to the Arrangement regarding International Trade in Textiles (hereinafter referred to as the Arrangement), done at Geneva on December 20, 1973, as extended by the Protocol of July 31, 1986.

I also refer to discussions between representatives of the Government of the Republic of the Philippines and the Government of the United States of America in Washington, D.C. from January 5-9 1987, concerning cotton, wool, man-made fiber textiles and textile products, and silk blend and other vegetable fiber apparel of the Philippines exported to the United States.

As a result of these discussions, I propose on behalf of the Government of the United States, under Article 4 of the Arrangement, the following Agreement relating to Trade in Cotton, Wool and Man-Made Fiber Textiles and Textile Products and Silk Blend and Other Vegetable Fiber Apparel between the Government of the Republic of the Philippines and the Government of the United States.

AGREEMENT TERM

1. The term of this Agreement will be the period from January 1, 1987, through December 31, 1991. Each "Agreement Period" shall be a twelve-month period from January 1 of a given year to December 31 of the same year.

COVERAGE AND STRUCTURE

2. (a) Textiles and textile products covered by this Agreement are those set forth in Annex A.

For more information contact: BONNIE RICHARDSON (202) 647-2690
(b) Textiles and textile products covered by this Agreement shall be structured in two groups, as follows:

(i) Group I: Cotton, wool and man-made fiber apparel and non-apparel products subject to the Specific Limits set forth in Annex B.

(ii) Group II: Cotton, wool and man-made fiber textiles and textile products and silk blend and vegetable fiber apparel set forth in Annex A and not subject to Specific Limits at the time of signature of the Agreement. The Group II limits are set forth in Annex B.

(c) Properly marked commercial samples valued at $250 or less and items for personal use of the importer and not for re-sale shall not be subject to the limits set forth in this Agreement.

CLASSIFICATION

3. (a) Tops, yarns, piece goods, made-up articles, garments and other textile manufactured products, all being products which derive their chief characteristics from their textile components, of cotton, wool, man-made fiber, or blends thereof, in which any or all of those fibers in combination represent either the chief value of the fibers or 50 percent or more by weight (or 17 percent or more by weight of wool) of the product, are subject to this Agreement.

(b) For the purposes of this Agreement, textile products shall be classified as cotton, wool or man-made fiber textiles if wholly or in chief value of any of these fibers. Any product covered by subparagraph (A) above but not in chief value of cotton or wool or man-made fiber shall be classified as:

(i) Cotton textiles if containing 50 percent or more by weight of cotton, or if the cotton component exceeds by weight the wool and/or the man-made fiber component;

(ii) Wool textiles if not cotton, and the wool equals or exceeds 17 percent by weight of all component fibers; and

(iii) Man-made fiber textiles if neither of the foregoing applies.

(c) Garments which derive their chief characteristics from their textile components of cotton, wool, man-made fiber, silk blend, and other vegetable fiber, or blends thereof, in which (i) the chief value is silk and/or other vegetable fiber or (ii) 50 percent or more by weight is
silk or other vegetable fiber or [iii] 50 percent or more by weight of a combination of silk, vegetable fiber, cotton, wool, or man-made fiber, are subject to this Agreement. Such garments shall be classified as silk blend and other vegetable fiber. Notwithstanding the above, garments which contain 70 percent or more silk by weight are not subject to this Agreement.

(d) For the purposes of the application of subparagraphs (a), (b) and (c) above, a product shall first be considered under the provisions of subparagraphs (a) and (b) and, only in the event of those two subparagraphs' not applying, shall it then fall to be considered under subparagraph (c). If subparagraph (c) does apply to the product in question it shall accordingly be classified under that subparagraph.

**MERGED CATEGORIES**

4. (a) The system of categories and the rates of conversion into square yards equivalent listed in Annex A shall apply in implementing this Agreement, except as provided for in paragraph 4 hereof.

(b) For the purposes of this Agreement, the categories listed below are merged and treated as single categories as indicated:

**LIMITS**

5. (a) Commencing with the first agreement period and during the subsequent term of this Agreement, the Government of the Philippines shall limit annual shipments to the United States of textiles and textile products to the Group Limits and Specific Limits set out in Annex B. The limits may be adjusted in accordance with Paragraph 6.
(b) A factor of 1.74 pounds equals one dozen shall be used to convert pounds to dozens for infant sets in categories 359 and 659.

FLEXIBILITY ADJUSTMENTS

6. (a) (i) During any Agreement Period the Group II Limit set forth in Annex B may be exceeded by not more than seven percent swing, provided a corresponding reduction is made in one or more Specific Limits in Group I.

(iii) During any Agreement Period, any Specific Limit may be increased by not more than seven (7) percent swing, provided a corresponding reduction is made to another Specific Limit and/or to the Group II Limit.

(iv) In addition to the adjustments pursuant to subparagraph 6 (a) (iii), category 335 may be increased by up to 30 percent, provided that an equivalent quantity is deducted from category 635 in the same agreement year.

(b) (i) The extent to which the Group II limit set forth in Annex B may be exceeded in any Agreement Period by carryforward and/or carryover is eleven (11) percent, of which carryforward shall not constitute more than six (6) percent.

(ii) The extent to which any Specific Limit may be exceeded in any Agreement Period by carryforward and/or carryover is eleven (11) percent, of which carryforward shall not constitute more than six (6) percent.

(iii) No carryover shall be available for application in the first Agreement Period. No carryforward shall be available for application in the final Agreement Period.

(iv) The Government of the United States may apply flexibility under paragraphs 6 (b) (i) and (ii) to any Specific Limits or the Group II Limit whenever that adjustment appears appropriate to facilitate the flow of trade and the sound administration of the Agreement. To the extent that such adjustments are actually utilized they will be implemented by means of carryover and carryforward in that order. Any unused
flexibility will be re-credited to the donor limit. This procedure will not prejudice the outcome of any consultations between our Governments concerning the amounts of flexibility available.

(c) For the purposes of the Agreement, a shortfall in a Specific Limit or the Group II Limit occurs when textiles or textile products of the Philippines exported to the United States during any Agreement Period are less than the applicable Specific Limit or Group II Limit as set out in Annex B or, in the case of any limit decreased pursuant to Paragraph 6(a) or 6(b), when such exports are below the Specific Limit or Group II Limit, as decreased.

U.S. ASSISTANCE IN IMPLEMENTATION OF THE LIMITATION PROVISIONS

7. (a) The Government of the Philippines shall administer its export control system under this Agreement. The Government of the United States may assist the Government of the Philippines in implementing the limitation provisions of this Agreement by controlling imports of textiles and textile products covered by this Agreement.

(b) Products of the Philippines exported in excess of authorized limits in any Agreement Period may be denied entry into the United States. Any such shipments denied entry may be permitted entry into the United States and charged to the applicable limit in the succeeding Agreement Period.

(c) Products of the Philippines shipped in excess of applicable limits in any Agreement Period will, if allowed entry into the United States during that Agreement Period, be charged to the applicable limit in the succeeding Agreement Period.

(d) Any action taken pursuant to Paragraphs 7(a) and 7(b) above, will not prejudice the rights of either side regarding consultations.

SPACING PROVISIONS

8. The Government of the Philippines shall use its best efforts to space exports to the United States within each category or product evenly throughout each Agreement Period, taking into consideration normal seasonal factors.
EXCHANGE OF DATA

9. (a) The Government of the United States shall promptly supply the Government of the Philippines with data on monthly imports of cotton, man-made fiber, and wool textiles and textile products and silk blend and other vegetable fiber apparel into the United States from the Philippines.

(b) The Government of the Philippines shall promptly supply the Government of the United States of America with data on monthly exports of cotton, man-made fiber and wool textiles and textile products and silk blend and other vegetable fiber apparel from the Philippines to the United States of America.

(c) Each Government agrees to promptly supply any other available statistical data necessary to the implementation of this Agreement requested by the other Government.

MUTUALLY SATISFACTORY ADMINISTRATIVE ARRANGEMENTS

10. Mutually satisfactory administrative arrangements or adjustments may be made to resolve minor problems arising in the implementation of this Agreement, including differences in points of procedure or operation.

CONSULTATIONS ON IMPLEMENTATION QUESTIONS

11. The Government of the United States and the Government of the Philippines agree to consult upon the request of the other, on any question arising in the implementation of this Agreement.

RIGHT TO PROPOSE REVISIONS TO THE AGREEMENT

12. The Government of the United States and the Government of the Philippines may at any time, including the period following the establishment of any successor to the current Arrangement, propose revisions to the terms of the Agreement. Each agrees to consult promptly with the other about such proposals with a view to making such revisions to this Agreement, or taking such other appropriate action as may be mutually agreed upon.

CONSULTATION IN CASE OF INEQUITY VIS-A-VIS A THIRD COUNTRY

13. If the Government of the Philippines considers that, as a result of limitations specified in this Agreement, it is being placed in an inequitable position in relation to a third country, the Government of the Philippines may request consultations with the Government of the United States with a view to taking appropriate remedial actions, such as a reasonable modification of this Agreement.
CONSULTATION MECHANISM

14. (a) In the event that the Government of the United States believes that imports of textile and apparel products from the Philippines in categories listed in Annex A to this Agreement (textiles and apparel made of cotton, wool, and man-made fiber and apparel made of silk blends and vegetable fibers other than cotton) and not subject to Specific Limits under this Agreement are, due to market disruption or the real risk thereof, threatening to impede the orderly development of trade between the two countries, the Government of the United States may request consultations with the Government of the Philippines with a view to easing or avoiding such market disruption or the real risk thereof. The Government of the United States will provide the Government of the Philippines, at the time of the request, with a statement of reasons for the request for consultations which in the view of the Government of the United States demonstrates:

(i) the existence or real risk of market disruption; and
(ii) the role of products of the Philippines in that disruption or risk of disruption.

(b) The Government of the Philippines agrees to consult with the Government of the United States within 30 days of receipt of the request for consultations. Both sides agree to make every effort to reach agreement on a mutually satisfactory solution of the issue within 90 days of the receipt of such request, unless extended by mutual agreement.

(c) During the 90 day consultation period, the Government of the Philippines agrees to hold its shipments to the United States, whether direct or indirect, of textiles or textile products in the category or categories subject to these consultations to a level no greater than 35 percent of the amount entered, as reported in U.S. General Import Statistics, during the first 12 of the most recent 14 months preceding the month in which the request for consultations was made.

(d) If no mutually satisfactory solution is reached during the 90 day consultation period, the Government of the United States may establish annual Specific Limits for textiles or textile products in the category or categories subject to these consultations for the duration of the Agreement. The Specific Limit will not be less than the amount, as reported in U.S. General Import Statistics,
during the first 12 of the most recent 14 months preceding the month in which the request for consultations was made, plus twenty (20) percent for cotton, man-made fiber, and apparel made of vegetable fibers and silk blends, and six (6) percent for wool product categories.

(e) The first term of any Specific Limit established under the preceding subparagraph will be effective for the period beginning on the first day following the conclusion of the consultation period and ending on the last day of the Agreement Period in which the Specific Limit was established. If a Specific Limit is established, the Specific Limit and any available swing or carryforward will be prorated to correspond to the period of time remaining in the existing Agreement Period. Carryover will not be available in the first Agreement Period following the 90 day consultation period. For each remaining Agreement Period any Specific Limits established under this provision will be increased by six (6) percent annual growth per year in the case of cotton, man-made fiber, vegetable fibers other than cotton, and silk blend product categories, and one percent in the case of wool product categories.

ARTICLE 3 PROCEDURES

15. For the duration of this Agreement, the Government of the United States shall not invoke the procedures of Article 3 of the Arrangement to request restraint on the exports of cotton, wool and man-made fiber textiles and textile products to the United States and covered by this Agreement. The Government of the United States and the Government the Philippines reserve their rights under the Arrangement with respect to textiles and textile products not subject to this Agreement.

PHILIPPINE PRODUCTS

16. Philippine Folklore and Handicraft items listed in Annex C are exempt from this Agreement.

VISA SYSTEM

17. Both Governments agree to maintain the visa and certification system effected by exchange of letters dated July 1 and July 7, 1976, to be amended to conform with the provisions of this Agreement.
18. (a) Both Governments recognize that adoption by the United States of the Harmonized Commodity Code will result in some changes in the United States' categorization of textile products covered by this Agreement. If such changes are made during the term of this Agreement, the Government of the United States and the Government of the Philippines will consult with a view toward reaching a mutually satisfactory resolution of issues concerning categories covered by this Agreement. The Government of the Philippines recognizes that should there be no resolution in such consultations, the Government of the United States reserves its right to make such adjustments to Annexes A and B as are necessary to bring them into conformity with the new category system and with the Harmonized Commodity Code. The intent of this conversion on the part of the United States is solely to align the system and limits with the Harmonized Commodity Code and is not intended to diminish overall trade with the Philippines.

(b) Consultations under this paragraph shall be conducted no later than 90 days before final adoption of the Harmonized Commodity Code by the Government of the United States.

COOPERATION IN PREVENTION OF CIRCUMVENTION

19. Both Governments agree to collaborate with a view to taking appropriate administrative action to avoid circumvention of this Agreement. Officials of both Governments agree to continue to cooperate closely with each other in order to identify and eliminate problems related to circumvention and transshipments and to exchange information relating to such activities, in accordance with their respective laws and regulations.

RIGHT TO TERMINATE THE AGREEMENT

20. Either Government may terminate this Agreement, effective at the end of an Agreement Period, by written notice to the other Government, to be given at least 90 days prior to the end of such Agreement Period.
If the foregoing conforms with the understanding of the Government of the Philippines, this letter and your letter of confirmation on behalf of the Government of the Philippines shall constitute an Agreement between our two Governments.

Sincerely yours,

Ronald J. Sorini
Deputy Chief Textile Negotiator
