Note by the Chairman

* English only/Anglais seulement/Inglés solamente
Dear Ambassador Raffaelli,

Pursuant to Article 4:4 of the Arrangement Regarding International Trade in Textiles (hereinafter referred to as the MFA) done at Geneva on December 20, 1973 and to the Protocol extending the MFA, done at Geneva on July 31, 1986, I have the honour to notify you of the conclusion of a new five-year bilateral Memorandum of Understanding between the Government of Canada and the Government of the Hungarian People’s Republic relating to the export from Hungary of certain textiles and textile products for import into Canada effective from January 1, 1987 to December 31, 1991. This replaces a previous arrangement which was in place from January 1, 1983 to December 31, 1986.

The current arrangement takes into account circumstances facing the Canadian clothing market and the position of Hungary as a supplier to this market.

The arrangement covers only one clothing category, fine suits, sportscoats and blazers, and uses the same product definition as in the previous arrangement. The restraint level agreed between the parties is based on the restraint level of the last year of the previous arrangement plus growth. The growth rate for the category under restraint is 3 per cent, which is the same as the growth rate of the previous arrangement. Flexibility provisions are limited to carry over, 10 per cent, and borrow forward, 5 per cent. These are the same as in the previous arrangement.
As in the past, there are provisions for the exchange of statistics, crediting back to quantitative limits re-exports from Canada of restrained items, consultations concerning the equity of restraints and, general consultations on matters affecting trade in textiles and textile products between the two countries.

In recent years there has been considerable disruption to the Canadian clothing and textile market caused by a sharp and substantial increase in imports at prices substantially below those prevailing for similar goods produced in Canada. The average growth rate for low-cost clothing imports, on a unit volume basis, was 11 per cent between 1981 and 1985. This compares with an estimated annual market growth of approximately 2.3 per cent. As a result, the Canadian clothing industry has seen its share of the domestic market decline, on a unit volume basis, from 69 per cent in 1981 to 57 per cent in 1985. During that period the Canadian Textile and Clothing Board estimates that import growth may have cost as many as 15,000 Canadian jobs. Apparel imports increased by approximately 10 per cent in 1986 leading to an expected further deterioration in the situation facing domestic producers. A complicating factor has been the highly erratic pattern of imports, with increases in low-cost clothing imports of 26 and 15 per cent during 1983 and 1984 respectively. This has seriously affected the ability of the Canadian Government and manufacturers rationally to plan and implement adjustment measures.

The Government of Canada believes this arrangement to be in conformity with the provisions of the MFA and its Protocol of Extension and, as such, in keeping with the gradual liberalization of the Canadian import programme on textiles and clothing.

A copy of the Memorandum of Understanding is attached.

Accept, Sir, the renewed assurances of my highest consideration.

Yours sincerely,

J. Gero
Counsellor
ARRANGEMENT
BETWEEN
THE GOVERNMENT OF CANADA
AND
THE GOVERNMENT OF THE HUNGARIAN PEOPLE'S REPUBLIC
RELATING TO THE EXPORT FROM HUNGARY
OF
CERTAIN TEXTILES AND TEXTILE PRODUCTS
FOR IMPORT INTO CANADA
Arrangement between the Government of Canada and the Government of the Hungarian's People's Republic relating to the export from the Hungarian People's Republic of certain textiles and textile products for import into Canada.

Introduction

1. This Arrangement sets out the arrangements that have been agreed between the Governments of Canada and of the Hungarian People's Republic regarding the export of certain textile products from Hungary for import into Canada.

2. These arrangements have been made having regard to the Arrangement Regarding International Trade in Textiles and to the Protocol extending the said Arrangement (hereinafter referred to as "the MFA") and in particular to Article 4 thereof.

Restraint Periods

3. These arrangements will apply for the periods commencing on January 1, 1987 and ending on December 31, 1991; of which the first restraint period will commence on January 1, 1987 and end on December 31, 1987 and the four (4) subsequent restraint periods will be for the calendar years 1988, 1989, 1990 and 1991.

Restraint Levels

4. Except as provided for in paragraphs 14 to 17 below, the Government of the Hungarian People's Republic will restrain its exports to Canada of the textile products described in Annex I for the first period as defined in paragraph 3 to the limits specified in column (C) therein.

5. Except as provided for in paragraphs 14 to 17 below, for the four calendar year periods commencing January 1, 1988 and ending on December 31, 1991, the Government of the Hungarian People's Republic will restrain its exports to Canada of the textile products described in Annex I to the limits specified in column (C) therein advanced on an annual basis by the growth rate specified in column (D).
Coverage

6. For the purpose of classifying textiles and textile products in the appropriate category, the definitions and notes set out in Annex II will apply.

Administration

7. These arrangements will be implemented on the basis of the export control system operated by the Government of the Hungarian People's Republic.

8. The Government of Canada shall admit imports of the textiles and textile products which are described in Annex II and are subject to a specific quantitative limit in Annex I, provided such imports are covered by an original copy of a Hungarian "Export Licence" certified and issued by the proper authority, including a statement to the effect that the imports covered by the licence have been debited to the applicable quantitative limit (restraint) as set out in Annex I.

9. For the purpose of implementing these arrangements, the date of export from the Hungarian People's Republic will be used to determine within which restraint period any textiles or textile products will be counted.

10. The export licences issued by the Government of the Hungarian People's Republic in respect of products covered by Annex I will contain the following information:

1. Country of destination,
2. Country of origin,
3. Licence number,
4. Importer's name and address,
5. Exporter's name and address,
6. Category number and description of product as set out in Annex I of this Arrangement,
7. Quantity expressed in the units as designated in Annex I of this Arrangement,
8. F.O.B. or C.I.F. value,
9. Certification by the proper authority (paragraph 8),
10. Restraint Period (year).
11. In the event any quantity covered by an export licence is not shipped, or any part of it is returned, regardless of the reason, the Government of the Hungarian People's Republic will notify the Government of Canada of such quantities which may be credited by the Government of the Hungarian People's Republic to the appropriate restraint level.

13. If, on the basis of Canadian import data, the Government of Canada ascertains that there is a sharp and substantial increase in the concentration of exports of textiles or textile products, other than that attributable to normal seasonal factors and normal channels of trade, it may request consultations in accordance with the provisions of paragraph 25 with a view to reaching a mutually acceptable conclusion.

**Carry-Over/Carry-Forward**

14. Following notification to the Canadian authorities of the quantities involved, portions of any quantitative limit set out in Annex I which are not used during a restraint period may be carried over and added to the corresponding quantitative limit for the following restraint period. The restraint level for the latter restraint period will be increased within the higher percentage limit set out in column (E) of Annex I.

15. Following notification to the Canadian authorities of quantities involved, any restraint level may be increased within the lower percentage limit set out in column (E) of Annex I by an amount advanced from the corresponding restraint level for the following restraint period. The restraint level for any such following restraint period will be reduced by an amount equal to the amount so advanced.
16. No carry-over shall be available for application in the first restraint period. No carry-forward shall be available for application in the final restraint period.

17. Notwithstanding the foregoing, the carry-over/carry-forward provisions may be used in combination only up to the higher percentage limit set out in column (E) of Annex I.

Exchange of Statistics

18. Both Governments will exchange such other statistical data relating to the exports of textiles and textile products not subject to these arrangements as may reasonably be required.

19. The Government of the Hungarian People's Republic will provide the Government of Canada with quarterly statistics relating to exports of the textile products listed in Annex II which are licensed for export to Canada and debited against restraint levels for each restraint period as per Annex I.

20. When submitting the quarterly statistics mentioned in paragraph 19, the Government of the Hungarian People's Republic undertakes to include the following information:

   a. Category and description of goods as set out in Annex I.
   b. Original and adjusted restraint level for the restraint period.
   c. Total quantity issued for the restraint period to date in the units designated in Annex I.
   d. Indication of any utilization of carry-over or carry-forward provisions and the quantities involved as provided for in paragraphs 14 to 17 above.

This information will be provided as soon as possible following the end of each quarter.

22. Both Governments reserve the option of requesting, should it be necessary, more specific and detailed information.

Equity

23. Should either Government consider, as a result of this Arrangement, that it is placed in an inequitable position compared with any third party, that Government may request the other to consult as provided in paragraph 25 with a view to implementing appropriate remedial measures.

Re-Exports

24. The Government of Canada will, so far as possible, inform the Government of the Hungarian People's Republic when imports into Canada of textiles and textile products subject to restraint under Annex I are subsequently re-exported from Canada. Where such re-exports have been debited by the Government of the Hungarian People's Republic to quantitative limits, the Government of the Hungarian People's Republic may then credit the amount involved to the appropriate quantitative limits.

Consultations

25. Either Government has the right to request consultations with the other Government on any matter arising from the implementation or operation of these arrangements or on any matter germane thereto. Such consultations will be governed by the following:

- Any request for consultations will be notified in writing to the other Government;
- The request for consultations will be accompanied by or followed within a reasonable period (and in any case not later than twenty-one days following the request) by a statement setting out the reasons and circumstances which, in the opinion of the requesting Government, justify the submission of such a request;
The other Government will accept such a request and such consultations will be held within thirty days of the date of notification of the request;

Both Governments will enter into consultations with a view to reaching a mutually acceptable conclusion within thirty days of the date on which actual consultations commence.

26. Any consultations held under these provisions will be approached by both Governments in a spirit of cooperation and with a desire to reconcile the differences between them.

MFA Rights

27. Each Government reserves its rights under the MFA with respect to textiles and textile products not subject to specific quantitative limits in this Arrangement.

Revisions and Termination

28. Either Government may at any time propose revisions to the terms of this Arrangement having regard to the MFA and to the Protocol extending it.

29. Either Government may terminate this Arrangement effective at the end of any restraint period by written notice to the other Government, to be given at least ninety days prior to the end of any restraint period.

Annexes

30. The Annexes to this Arrangement will be considered an integral part of it.

Transitional Arrangements

31. Any difficulties which may arise as a consequence of the transition to this Arrangement will be brought immediately to the attention of the one Government by the other Government and efforts will be made by both Governments, through consultations or other means, to resolve such difficulties to their mutual satisfaction.
Final Provisions

32. This arrangement will become effective on January 1, 1987 subsequent to an exchange of notes between the two Governments confirming their acceptance of the arrangement.
