ARRANGEMENT REGARDING INTERNATIONAL TRADE IN TEXTILES

Notification under Article 4:4

Extension with modifications of the bilateral agreement between the United States and the Philippines

Note by the Chairman

Attached is a notification received from the United States of the extension of its agreement with the Philippines for the period 1 January 1992 to 31 December 1993.¹

¹The bilateral agreement is contained in COM.TEX/SB/1304.

The Honorable
Ambassador Mracelo Raffaelli
Chairman, Textiles Surveillance Body
General Agreement on Tariffs and Trade
Rue de Lausanne 154
1211 Geneva

Dear Ambassador Raffaelli:

Pursuant to the provisions of paragraph 4 of Article 4 of the Arrangement Regarding International Trade in Textiles, I am instructed by my government to inform the Textiles Surveillance Body of the extension, with modifications, of the bilateral textile agreement between the Government of the United States of America and the Government of the Philippines.

This extension was negotiated to deal with issues of market disruption or real risk thereof, while at the same time ensuring that its provisions would permit the expansion and orderly development of textiles and apparel trade from the Philippines.

Copies of the notes effecting this extension are enclosed. Additional data to facilitate preparation of a fact sheet will be provided separately.

Sincerely,

Robert E. Shepherd
Minister Counsellor

Enclosure
The Embassy of the Philippines presents its compliments to the Department of State and has the honor to refer to the Department's note of March 6, 1992 regarding the extension of, and proposed amendments to, the Agreement on Trade in Cotton, Wool, Handmade Fiber Textiles and Textile Products and Silk-Blend and other Vegetable Fiber Apparel between the Government of the Republic of the Philippines and the Government of the United States of America dated March 4, 1987, as amended (the Agreement).

The Embassy would like to inform the Department of State that the Government of the Republic of the Philippines agrees to the extension of, and the amendments to, the Agreement as proposed in the aforementioned Note.

The Embassy of the Philippines avails itself of this opportunity to renew to the Department of State the assurance of its highest consideration.

Washington, D.C.
6 March, 1992
The Department of State refers the Embassy of the Republic of the Philippines to the Arrangement Regarding International Trade in Textiles, done at Geneva on December 20, 1973, as extended (the Arrangement), and to the Agreement on Trade in Cotton, Wool, Man-Made Fiber Textiles and Textile Products and Silk-Blend and Other Vegetable Fiber Apparel between the Government of the Republic of the Philippines and the Government of the United States of America dated March 4, 1987, as amended (the Agreement).

The Department of State also refers to discussions between representatives of the Government of the Republic of the Philippines and the Government of the United States of America in Manila October 14-16, 1991 and in San Diego, California December 11-13, 1991 concerning exports to the United States of cotton, wool, man-made fiber, silk blend and non-cotton vegetable fiber textiles and textile products manufactured in the Republic of the Philippines. The Department of State also refers to the Memorandum of Understanding signed by representatives of our two Governments in San Diego on December 13, 1991.
As a result of the above mentioned discussions and Memorandum of Understanding, and in conformity with Article 4 of the Arrangement, the Department of State wishes to propose the following amendment and extension of the Agreement between the Government of the Republic of the Philippines and the Government of the United States of America, the text to read as follows:

AGREEMENT TERM

1. The term of this Agreement shall be extended for two calendar years through December 31, 1993. Each "Agreement Period" shall be a twelve-month period from January 1 of a given year to December 31 of the same year.

COVERAGE AND STRUCTURE

2. (a) Textiles and textile products covered by this Agreement are those set forth in Annex A.

(b) Textiles and textile products covered by this Agreement shall be structured in two groups, as follows:

   (i) Group I: Cotton, wool and man-made fiber apparel and non-apparel products subject to the Specific Limits set forth in Annex B.

   (ii) Group II: Cotton, wool and man-made fiber textiles and textile products and silk blend and vegetable fiber apparel not included in either Group I or subject to a Designated Consultation Level at the time of signature of the Agreement. The Group II limits are set forth in Annex B.

   (iii) Designated Consultation Levels are set forth in Annex B.
(c) Properly marked commercial samples valued at $250 or less and items for personal use of the importer and not for re-sale shall not be subject to the limits set forth in this Agreement.

CLASSIFICATION

3. (a) Tops, yarns, piece goods, made-up articles, garments and other textile manufactured products, all being products which derive their chief characteristics from their textile components of cotton, wool, man-made fiber, silk-blends, and vegetable fibers other than cotton, or blends thereof, in which any or all of those fibers, in combination, represent the chief weight of the product, are subject to this Agreement.

Components of an article which are not considered relevant to the classification under the general rules of interpretation or the legal notes to Section XI of the Harmonized Commodity Code are likewise to be disregarded here.

(b) For the purposes of this Agreement, textile products covered by paragraph 2(a) above shall be classified as:

(i) Man-made fiber textiles if the product is in chief weight of man-made fibers, unless:

(a) the product is knitted or crocheted apparel in which wool equals or exceeds 23 percent by weight of all fibers, in which case the product will be a wool textile; or

(b) the product is apparel, not knitted or crocheted, in which wool equals or exceeds 36 percent by weight of all fibers, in which case the product will be a wool textile;
(c) the product is a woven fabric in which wool equals or exceeds 36 percent by weight of all fibers, in which case the product will be a wool textile.

(ii) Cotton textiles if not covered by (i) and if the product is in chief weight of cotton, unless the product is a woven fabric in which wool equals or exceeds 36 percent by weight of all fibers, in which case the product will be wool textile.

(iii) Wool textiles if neither of the foregoing applies, and the product is in chief weight of wool.

(iv) Silk or vegetable fiber other than cotton textiles, if none of the foregoing applies and the product is in chief weight of silk or non-cotton vegetable fiber, unless:

(a) cotton with wool and/or man-made fibers in the aggregate equal or exceed 50 percent by weight of the component fibers thereof and the cotton component equals or exceeds the weight of each of the total wool and/or man-made fiber component, in which case the products will be a cotton textile;

(b) if not covered by (iv)(a) and wool exceeds 17 percent by weight of all component fibers, in which case the product will be considered a wool textile;

(c) if not covered by (iv)(a) or (b) and man-made fibers in combination with cotton and/or wool in the aggregate equal or exceed 50 percent by weight of the component fibers thereof and the
man-made fiber component exceeds the weight of the total wool and/or total cotton component, in which case the product will be considered a man-made fiber textile.

(v) Notwithstanding the above, garments which contain 70 percent or more by weight silk (unless they also contain over 17 percent by weight wool), and products other than garments which contain 85 percent or more by weight silk, are not subject to this Agreement. Silk and non-cotton vegetable fiber sweaters, as determined above, shall be divided into "silk" sweaters and "non-cotton vegetable fiber" sweaters. For the purpose of this division, sweaters shall be classified as "silk" if the silk component exceeds by weight the non-cotton vegetable fiber component (if any). Sweaters not classified as "silk" sweaters in accordance with the foregoing shall be classified as "non-cotton vegetable fiber" sweaters. Garments containing 70 percent or more by weight silk and over 17 percent by weight wool shall be classified as wool textiles, under sub-paragraph (b)(iv)(b).

Coverage under this paragraph is intended to be identical with the terms of Article 12 of the Arrangement Regarding International Trade in Textiles and in conformance with Paragraph 24 of the July 31, 1986, Protocol of Extension. In the event of a question regarding whether a product is covered by this Agreement by virtue of being chief weight of cotton, wool, man-made fiber, silk, or non-cotton vegetable fiber, the chief value of the fibers may be considered.
MERGED CATEGORIES

4. (a) The system of categories and the rates of conversion into square meters equivalent listed in Annex A shall apply in implementing this Agreement, except as provided for in paragraph 4 hereof.

(b) For the purposes of this Agreement, the categories listed below are merged and treated as single categories as indicated:

LIMITS

5. Commencing with the first Agreement Period and during the subsequent term of this Agreement, the Government of the Philippines shall limit annual shipments to the United States of textiles and textile products to the Group Limit, Specific Limits and Designated Consultations Levels set out in Annex B. The limits may be adjusted in accordance with Paragraph 6.

FLEXIBILITY ADJUSTMENTS

6. (a) (i) During any Agreement Period the Group II Limit set forth in Annex B may be exceeded by seven percent swing, and fifteen percent special shift, provided a corresponding reduction is made in one or more Specific Limits in Group I.
(ii) The Specific Limits set forth in Annex B do not include any adjustments permitted under paragraph 6.

(iii) During any Agreement Period, any Specific Limit may be increased by not more than seven (7) percent swing, provided a corresponding reduction is made to another Specific Limit and/or to the Group II Limit.

(iv) In addition to the adjustments pursuant to subparagraph 6(a)(iii), during any Agreement Period special shift into Category 239 shall be available from any specific limit which currently includes infants' wear. The special shift shall be limited to 85 percent of the donor category limit. The donor category(s) limit shall be reduced by a corresponding amount.

(v) During any Agreement Period the specific limit for Category 239 may be increased by not more than 8,403,080 square meters provided that a corresponding reduction is made in the Group II limit.

(vi) During any Agreement Period, special shift shall be available for the remainder of the Agreement as follows:

(a) Special shift may be taken out of category 643, as available, up to 20 percent of the base limit for that category. That quantity, converted from units to dozens, may be shifted to the limits for categories 633 and 647/648.

(b) Special shift may be taken out of category 335, as available, up to 30 percent of the base limit for that category. That quantity, calculated in dozens, may be shifted to the limit for category 333/334. The sublimit for category 333 shall remain as stated in the Agreement.
(c) Special shift of up to 30 percent shall be available for category 634 to be taken out of category 635; or, special shift of up to 30 percent shall be available for category 633 to be taken out of category 634. The combination of special shift into category 633 and category 634 shall not exceed 30 percent. The special shift shall be calculated on the base limit of the receiving category with an equal quantity in dozens deducted from the specific limit of the donor category.

(d) Special shift may be taken out of category 341/641, as available, up to 20 percent of the base limit for that category. That quantity, calculated in dozens, may be shifted to the limit for category 340/640. If the special shift is utilized, the yarn-dyed sublimit for category 340/640 shall be adjusted accordingly.

(e) Special shift of 15 percent shall be available between categories 338/339 and 638/639.

(f) Special shift of 10 percent shall be available between categories 347/348 and 647/648.

(g) Special shift shall be available between categories 351/651 and 350 in the amount of 10 percent (calculated on the base level of the receiving category, provided a corresponding quantity in square meters equivalent is deducted from the donor category).

(h) Special shift shall be available between categories 237 and 359-C/659-C in the amount of 20 percent (in square meters equivalent, to be calculated against the base level of category 237).
(i) Special shift shall be available between categories 336 and 636 in the amount of 10 percent.

(j) Special shift shall be available between categories 331/631 and 659-H in the amount of 20 percent (calculated on the base level of the receiving category, provided a corresponding quantity in square meters equivalent is deducted from the donor category).

(k) Special shift shall be available between category 335 and category 635 in the amount of 30 percent.

(b) (i) The extent to which the Group II limit set forth in Annex B may be exceeded in any Agreement Period by carryforward and/or carryover is eleven (11) percent, of which carryforward shall not constitute more than six (6) percent.

(ii) The extent to which any Specific Limit may be exceeded in any Agreement Period by carryforward and/or carryover is eleven (11) percent, of which carryforward shall not constitute more than six (6) percent.

(iii) Carryover and carryforward shall be available between the 1991 and 1992 Agreement Periods. No carryforward shall be available for application in the final Agreement Period.

(iv) The Government of the United States may apply flexibility under paragraphs 6(b)(i) and (ii) to any Specific Limits or the Group II Limit whenever that adjustment appears appropriate to facilitate the flow of trade and the sound administration of the Agreement. To the extent that such adjustments are actually utilized they will be implemented by means of
carryover and carryforward in that order. Any unused flexibility will be re-credited to the donor limit. This procedure will not prejudice the outcome of any consultations between our Governments concerning the amounts of flexibility available.

(c) For the purposes of the Agreement, a shortfall in a Specific Limit or the Group II Limit occurs when textiles or textile products of the Philippines exported to the United States during any Agreement Period are less than the applicable Specific Limit or Group II Limit as set out in Annex B or, in the case of any limit decreased pursuant to Paragraph 6(a) or 6(b), when such exports are below the Specific Limit or Group II Limit, as decreased.

DESIGNATED CONSULTATION LEVELS

7. In the event the Government of the Republic of the Philippines wishes to export to the United States of America textiles and textile products in excess of any applicable Designated Consultation Level, the Government of the Republic of the Philippines shall request the higher levels and the Government of the United States of America shall consider the request sympathetically and shall respond within 30 days. If, because of problems of market disruption, as defined in Annex A of the Arrangement, in the United States of America, in a category subject to such a request, the United States of America is unable to comply fully, the Government of the United States will so inform the Government of the Philippines and will supply data which form the basis for the position taken by the Government of the United States of America. If requested by the Government of the Philippines, the Government of the United States will consult promptly respecting the presence or absence of market disruption.
U.S. ASSISTANCE IN IMPLEMENTATION
OF THE LIMITATION PROVISIONS

8. (a) The Government of the Philippines shall administer its
export control system under this Agreement. The Government of
the United States may assist the Government of the Philippines
in implementing the limitation provisions of this Agreement by
controlling imports of textiles and textile products covered by
this Agreement.

(b) Products of the Philippines exported in excess of
authorized limits in any Agreement Period may be denied entry
into the United States. Any such shipments denied entry may be
permitted entry into the United States and charged to the
applicable limit in the succeeding Agreement Period.

(c) Products of the Philippines shipped in excess of
applicable limits in any Agreement Period will, if allowed
entry into the United States during that Agreement Period, be
charged to the applicable limit in the succeeding Agreement
Period.

(d) Any action taken pursuant to paragraphs 7(a) and 7(b)
above, will not prejudice the rights of either side regarding
consultations.

SPACING PROVISIONS

9. The Government of the Philippines shall use its best
efforts to space exports to the United States within each
category or product evenly throughout each Agreement Period,
taking into consideration normal seasonal factors.
EXCHANGE OF DATA

10. (a) The Government of the United States shall promptly supply the Government of the Philippines with data on monthly imports of cotton, man-made fiber, and wool textiles and textile products and silk blend and other vegetable fiber apparel into the United States from the Philippines.

(b) The Government of the Philippines shall promptly supply the Government of the United States of America with data on monthly exports of cotton, man-made fiber and wool textiles and textile products and silk blend and other vegetable fiber apparel from the Philippines to the United States of America.

(c) Each Government agrees to promptly supply any other available statistical data necessary to the implementation of this Agreement requested by the other Government.

MUTUALLY SATISFACTORY ADMINISTRATIVE ARRANGEMENTS

11. Mutually satisfactory administrative arrangements or adjustments may be made to resolve minor problems arising in the implementation of this Agreement, including differences in points of procedure or operation.

CONSULTATIONS ON IMPLEMENTATION QUESTIONS

12. The Government of the United States and the Government of the Philippines agree to consult upon the request of the other, on any question arising in the implementation of this Agreement.
RIGHT TO PROPOSE REVISIONS TO THE AGREEMENT

13. The Government of the United States and the Government of the Philippines may at any time, including the period following the establishment of any successor to the current Arrangement, propose revisions to the terms of the Agreement. Each agrees to consult promptly with the other about such proposals with a view to making such revisions to this Agreement, or taking such other appropriate action as may be mutually agreed upon.

CONSULTATION IN CASE OF INEQUITY
VIS-A-VIS A THIRD COUNTRY

14. If the Government of the Philippines considers that, as a result of limitations specified in this Agreement, it is being placed in an inequitable position in relation to a third country, the Government of the Philippines may request consultations with the Government of the United States with a view to taking appropriate remedial actions, such as a reasonable modification of this Agreement.

CONSULTATION MECHANISM

15. (a) In the event that the Government of the United States believes that imports of textile and apparel products from the Philippines in categories listed in Annex A to this Agreement (textiles and apparel made of cotton, wool, and man-made fiber and apparel made of silk blends and vegetable fibers other than cotton) and not subject to Specific Limits or Designated Consultation Levels under this Agreement are, due to market disruption or the real risk thereof, threatening to impede the orderly development of trade between the two countries, the
Government of the United States may request consultations with the Government of the Philippines with a view to easing or avoiding such market disruption or the real risk thereof. The Government of the United States will provide the Government of the Philippines, at the time of the request, with a statement of reasons for the request for consultations which in the view of the Government of the United States demonstrates:

(i) the existence or real risk of market disruption; and

(ii) the role of products of the Philippines in that disruption or risk of disruption.

(b) The Government of the Philippines agrees to consult with the Government of the United States within 30 days of receipt of the request for consultations. Both sides agree to make every effort to reach agreement on a mutually satisfactory solution of the issue within 90 days of the receipt of such request, unless extended by mutual agreement.

(c) During the 90 day consultation period, the Government of the Philippines agrees to hold its shipments to the United States, whether direct or indirect, of textiles or textile products in the category or categories subject to these consultations to a level no greater than 35 percent of the amount entered, as reported in U.S. General Import Statistics, during the first 12 of the most recent 14 months preceding the month in which the request for consultations was made.

(d) If no mutually satisfactory solution is reached during the 90 day consultation period, the Government of the United States may establish annual Specific Limits for textiles or
textile products in the category or categories subject to these consultations for the duration of the Agreement. The Specific Limit will not be less than the amount, as reported in U.S. General Import Statistics, entered during the first 12 of the most recent 14 months preceding the month in which the request for consultations was made, plus twenty (20) percent for cotton, man-made fiber, and apparel made of vegetable fibers and silk blends, and six (6) percent for wool product categories.

(e) The first term of any Specific Limit established under the preceding subparagraph will be effective for the period beginning on the first day following the conclusion of the consultation period and ending on the last day of the Agreement Period in which the Specific Limit was established. If a Specific Limit is established, the Specific Limit and any available swing or carryforward will be prorated to correspond to the period of time remaining in the existing Agreement Period. Carryover will not be available in the first Agreement Period following the 90 day consultation period. For each remaining Agreement Period any Specific Limits established under this provision will be increased by six (6) percent annual growth per year in the case of cotton, man-made fiber, vegetable fibers other than cotton, and silk blend product categories, and one percent in the case of wool product categories.

ARTICLE 3 PROCEDURES

16. For the duration of this Agreement, the Government of the United States shall not invoke the procedures of Article 3 of the Arrangement to request restraint on the exports of cotton, wool and man-made fiber textiles and textile products to the United States and covered by this Agreement. The Government of the United States and the Government of the Philippines reserve their rights under the Arrangement with respect to textiles and textile products not subject to this Agreement.
17. Philippine Folklore and Handicraft items listed in Annex C are exempt from this Agreement.

VISA SYSTEM

18. Both Governments agree to maintain the visa and certification system effected by exchange of letters dated July 1 and July 7, 1976, to be amended to conform with the provisions of this Agreement.

COOPERATION IN PREVENTION OF CIRCUMVENTION

19. Both Governments agree to collaborate with a view to taking appropriate administrative action to avoid circumvention of this Agreement. Officials of both Governments agree to continue to cooperate closely with each other in order to identify and eliminate problems related to circumvention and transshipments and to exchange information relating to such activities, in accordance with their respective laws and regulations.

CONFORMING CLAUSE

20. Both Governments agree that in the event that a multilaterally agreed regime for the textile and apparel sector, such as a transitional arrangement for the integration of the textile and apparel sector into the GATT, enters into force before the expiration of the bilateral Agreement, the transitional arrangement will take precedence over the terms of the bilateral Agreement.
21. Either Government may terminate this Agreement, effective at the end of an Agreement Period, by written notice to the other Government, to be given at least 90 days prior to the end of such Agreement Period.

If the foregoing conforms with the understanding of the Government of the Philippines, this note and the note of confirmation on behalf of the Government of the Philippines shall constitute an Agreement between our two Governments.

Washington, MAR 6 1992
