Ambassador M. Raffaelli
Chairman
Textiles Surveillance Body
General Agreement on Tariffs and Trade
Centre William Rappard
154, rue de Lausanne
1211 Geneva 21

Dear Ambassador Raffaelli,

With reference to paragraph 4 of Article 3 of the Arrangement Regarding International Trade in Textiles (hereinafter referred to as the MFA), done at Geneva on December 2, 1973, and to the Protocol extending the MFA, done at Geneva, December 22, 1981, I have the honour to notify the Textile Surveillance Body of the conclusion of two one-year bilateral restraint arrangements between the Government of Canada and the Government of the Republic of Indonesia concerning imports into Canada of tailored collar shirts, and trousers, pants, slacks and jeans.

These arrangements, ratified in November 1983, became effective January 1, 1983, and were concluded pursuant to Article 3 paragraph 4 of the MFA with a view to removing a situation of market disruption caused by increasing imports into Canada of tailored collar shirts and trousers, pants, slacks and jeans originating in Indonesia.
The arrangements provide for a restraint level for 1983, established in conformity with the provisions set out in Article 3 and Annex B of the MFA. By virtue of these arrangements, the Government of Indonesia agreed to limit its shipments of tailored collar shirts and trousers, pants, slacks and jeans for the 12 month period ending December 31, 1983 up to the level corresponding to the amount arrived in Canada during the first 12 of the 14 months preceding the date of the request for consultations (January 28, 1983 for tailored collar shirts and July 18 for pants).

The Government of Canada, to avoid undue hardship to the commercial participants in the trade involved, also agreed, as an exceptional measure for 1983, to accept, on an ex-quota basis, excess shipments exported from Indonesia before December 31, 1983 if they are bona fide contracts covered by irrevocable letters of credit opened prior to May 17, 1983 for tailored collar shirts and before July 30, 1983 for trousers, pants, slacks and jeans.

In conformity with Article 12 paragraph 3 of the MFA, the provisions of these arrangements do not apply to Indonesian exports to Canada of tailored collar shirts or pants of a kind traditionally made in the cottage industry from handloom textile fabric or made by hand of traditional Indonesia handicraft batik fabrics.

These arrangements also contain consultation procedures to govern any matter arising from their implementation or any other matter relating to trade in textile products between Canada and Indonesia. An agreement by the two countries to commence consultations no later than 60 days before the end of 1983 with a view to concluding a long-term arrangement covering the period beyond January 1, 1984 has also been included in the arrangement.

The Government of Canada believes these arrangements to be in conformity with the provisions of the MFA and its Protocol of Extension.

A copy of the arrangements and related documents are attached.

Accept, Sir, the renewed assurance of my highest consideration.

J.L. MacNeil
Minister

Dear Mr. Sutherland:

I have the honour to refer to your letter of August 9, 1983 which reads as follows:

"I have the honour to refer to the bilateral discussions between representatives of the Government of Indonesia and the Government of Canada which took place May 13-14 in Jogyakarta, June 23-24 in Geneva and August 8-9 in Ottawa and have the pleasure in confirming on an ad hoc concordum basis the one year bilateral restraint arrangement covering tailored collar shirts. The Government of Indonesia will limit its shipments based on the date of export for the 12 month period ending December 31, 1983 to those shipments that are covered by irrevocable letters of credit issued prior to May 17, 1983. The Government of Canada in recognition of Article 6 of the MFA, and paragraph 12 of the Protocol of Extension as they pertain to Indonesia undertakes to accept shipments of tailored collar shirts up to the above mentioned maximum level for 1983, on the agreed understanding that the maximum level consists of the following two parts:

.../2

(ii) any excess shipments in 1983 if they are bona fide contracts covered by irrevocable letters of credit issued prior to May 17, 1983. These excess shipments will be allowed into Canada on an ex-quota basis as an exceptional measure for 1983 only.

The Indonesian Department of Trade will endeavour to issue Certificates of Origin, Form K for the product listed in the attached Annex I certifying that the quantity is within the agreed limit. The Canadian Department of External Affairs will issue import permits for each original Certificate of Origin.

The Certificate of Origin, Form K (attached as Annex III) will contain the following information:

a) Country of destination
b) Country of origin
c) Certificate of Origin number
d) Importer's name and address
e) Exporter's name and address
f) Category number and description of product as set out in Annex I
g) Quantity expressed in units as designated in Annex I
h) F.O.B. or C.I.F. value except for non-commercial consignments.

The Indonesian Department of Trade agrees to furnish the Canadian Department of External Affairs through the Canadian Embassy in Jakarta with precise statistical information, on a monthly basis, of all Certificates of Origin issued for tailored collar shirts.

With reference to Article 12(3) of the MFA, this arrangement shall not apply to bona fide handmade clothing of handloomed fabric as defined in Annex II when accompanied on importation by a certificate validated by competent Indonesian authorities. A sample certificate is attached as Annex IV.
The two Governments will consult with each other at the request of either Government in respect of any problem arising from this arrangement or any other matter relating to trade in textile products between the two countries.

The two Governments agree to commence consultations no later than 60 days before the expiry of this arrangement with a view to concluding a long-term arrangement covering the period beyond January 1, 1984.

I have further the honour to propose that this arrangement will become effective subsequent to an exchange of notes between the two Governments confirming their acceptance of this arrangement and will apply for the calendar year period commencing January 1, 1983."
