Textiles Surveillance Body

Note by the Chairman

Draft Report of the 11th and 12th meetings

I am sending you herewith the draft report of the above meetings (TEX.SB/W/120). As you will see, it contains two parts:

1) The recommendations by the TSB. These are agreed texts, which were decided upon at the 27-28 July meeting;

2) The conclusions of the TSB on the notifications received by it were decided by the TSB after its deliberation on the same dates.

As I indicated at the end of our last meeting, I shall circulate this report to the Textiles Committee by 23 August 1977, if I receive no contrary advice before that date from the members of the TSB. In this way, we will avoid that this report be too long delayed before it is notified to the members of the Textiles Committee.
