3. Additional Protocols to the EEC Bilateral Agreements

4. The TSB received notification of additional Protocols concluded by the EEC to its bilateral agreements with Brazil, China, Czechoslovakia, Egypt, Guatemala, Haiti, Hong Kong, Hungary, Indonesia, Korea, Macao, Malaysia, Mexico, Pakistan, Peru, the Philippines, Poland, Romania, Singapore, Sri Lanka, Thailand, Uruguay, Bulgaria and Yugoslavia; these Protocols were concluded consequent to the accession of Spain and Portugal to the EEC as of 1 January 1986.

5. The validity of these additional Protocols ran from 1 January to 31 December 1986, except in the case of China where the validity ends on 31 December 1988. The bilateral agreements were modified to take account of the enlargement of the EEC market by (a) modifying the basket exit mechanism and setting the basket exit formula for Spain and Portugal and (b) by increasing the Community restraint levels. The TSB understood that the increases in the Community restraint levels had been negotiated taking into account either exports to Spain and Portugal or the basket exit levels for these two countries.
