In section B the document reference should read:

"(W.9/67)"

In section C, sub-paragraph (b), replace the words "... without action by the Organization" by:

"... without the requirement of the waiver procedure in Article VI".

In section C, delete the section beginning "The Government of the Netherlands..." and replace with the following:

"The Netherlands delegate speaking for the Benelux countries proposed during the discussions that the second part of paragraph 6 of Article VI be amended so as to provide for the mandatory imposition of anti-dumping or countervailing duties by importing contracting parties on imports into their territories of products which are being sold at subsidized or dumping prices where such sales cause or threaten to cause injury to the export interests of other contracting parties.

"He explained that such a provision would be a logical consequence of a 'good importers policy' and that the present text of paragraph 6 of Article VI did not provide sufficient protection for exporting countries which would suffer injury because of dumping on third markets".
