Basis for determination codes:
- HM - home market price
- TM - third country market price (specify country)
- CV - constructed value
- SP - prices charged by same producer
- OP - prices charged by other producer
- OPT - prices charged by other producer in third country
- OCT - costs of other producer in third country
- O - other (specify)
- LDC - treatment having regard to Article 13 of the Agreement and the Decision of the Committee, document ADP/2 (also in column 3, where applicable)

*Trade volume based on statistical data for latest available calendar year prior to initiation
