QUESTIONS CONCERNING THE LEGISLATION OF INDIA

1. Does Section 9 A(1) of the Customs Tariff Act permit the imposition of provisional anti-dumping duties before any preliminary finding has been issued?

2. Is Section 15(2) of the Customs Tariff Rules, 1985, to be interpreted as providing for price increases in undertakings which are less than the dumping margin found if such lesser increase is sufficient to eliminate injury?

3. Does an exporter from a country to which Section 9 A of the Act applies have the right to ask for a final determination of injury and what are the consequences of a negative determination?
