ANTI-DUMPING LEGISLATION OF AUSTRALIA

The following communication has been received from the Permanent Delegation of Sweden.

Referring to paragraph 31 in the Minutes of the meeting of the Committee on Anti-Dumping Practices, the Swedish delegation would appreciate to be informed by the Australian delegation if the Dumping Control Branch or the Dumping Operations Branch on their own initiative undertake an investigation in order to learn if a complaint is filed by the industry concerned as defined in Articles 4 and 5 in the Code.
