COMMITTEE OF THE PROTOCOL REGARDING MILK FAT

Extension of Derogation Pursuant to Article 7:1

Decision of 20 December 1993

1. At its meeting on 20 December 1993, the Committee of the Protocol Regarding Milk Fat reviewed the Derogation Pursuant to Article 7:1 which it had decided to grant on 22 June 1993. The Committee noted that only a limited number of sales had been completed to date under the Decision of 22 June 1993, although the extraordinary situation facing the market of the former Soviet Union continued to exist.

2. In light of the unusual circumstances, the Committee decided to extend the Derogation Pursuant to Article 7:1, subject to the same conditions stipulated in paragraph 2(i) of its Decision of 22 June 1993, to:

(i) sales contracts unconditionally concluded before 31 March 1994, and

(ii) deliveries of butter and butter oil to countries of the former Soviet Union pursuant to this Decision completed by 30 June 1994.
