TEXTS OF LEGISLATION SUBMITTED IN NATIONAL LANGUAGES AND OPEN FOR INSPECTION IN THE SECRETARIAT

1. The Committee on Government Procurement agreed at its first meeting on 15 January 1981, inter alia, that Parties should submit the complete texts of their national laws, regulations and procedures on government procurement as soon as possible to the secretariat where the texts would be open for inspection (GPR/M/1, paragraph 16).

2. In accordance with this decision the following members have, in addition to material circulated in the GPR/3/Add.- series, submitted texts relating to government procurement in their respective national languages:

   Austria*
   Canada
   United Kingdom on behalf of Hong Kong
   Finland
   Japan
   Norway
   Sweden (in English also)
   Switzerland
   United States

3. The texts are open for inspection in the secretariat (Room 1021 or 1023).

*Additional documentation is expected. Austria has not circulated basic documents in the GPR/3/Add.- series because the GATT Agreement will have legal force in Austria and is directly applicable without implementing legislation.
