Inventory of Domestic Policies and Trade Measures and
Information on Bilateral, Plurilateral or
Multilateral Commitments

Reply to Parts G and H of the Questionnaire

ARGENTINA

The participants have agreed to provide information concerning their domestic policies and trade measures including bilateral and plurilateral commitments on the basis of Parts G and H of the Questionnaire (Rule 16 of the Rules of Procedure). The documents containing replies to these parts of the Questionnaire are circulated under the symbol IMC/INV; they will be partly revised as and when changes are notified.

This set of documents will constitute the inventory of all measures affecting trade in bovine meat, including commitments resulting from bilateral, plurilateral and multilateral negotiations, which the Council has instructed the secretariat to draw up and keep up to date, under the provisions of Article III of the Agreement (Note to Article III of the Arrangement and Rule 18 of the Rules of Procedure).
As at 9 December 1980, there were no changes in the information for Part G previously indicated in June 1980.
A new development between June and December 1980 was the Bilateral Agreement signed in October 1980 between the National Meat Board of Argentina and the Ministry of Trade of Israel, for the provision to the latter country of a total of 8,750 tons of boneless forequarter cuts, prepared in accordance with Kosher dietary laws, for shipment during the seven months between December 1980 and June 1981.
