The following communication has been received from the delegation of Australia.

With reference to Article 5.4 of the Agreement on Import Licensing Procedures, I wish to inform you that there have been no changes in Australian laws, regulations and administrative procedures relevant to this Agreement.

However, in accordance with the procedures laid down by the Committee, the following documents will be lodged with the secretariat for the information of parties of the Agreement.

Information available:

(a) Customs (import licensing) regulations - the legal basis for administration of import licensing.

(b) Exception notice - listing those goods currently subject to import licensing restrictions.

(c) Ministerial statement - when goods become subject to, or cease to be subject to, import licensing restrictions.

(d) Bureau of Customs Notice - usually several for any commodity covering various aspects of administrative arrangements.

(e) List of licence holders - published in the Government Gazette on each allocation.
