GENERAL AGREEMENT ON TARIFFS AND TRADE

Arrangement Concerning Certain Dairy Products

MANAGEMENT COMMITTEE

Reply to Questionnaire Submitted by the European Economic Community

Corrigendum

Page 1

Footnote 3 should be amended to read as follows:

"3. The quarterly breakdown is not available because precise quarterly figures cannot be given either for stocks at the beginning and end of the period or for production. Since the figure for consumption is obtained by adding together the figures for stocks at the beginning of the period, production and imports and deducting exports and stocks at the end of the period, any figure arrived at would be inaccurate."
