Multilateral Trade Negotiations

GROUP 3(e) - BASIC DOCUMENTATION

Inventory of Various Non-Tariff Barriers

INDONESIA

Revision
| Product: (BTN) Preserves, chocolate, jams, etc. (16.02, 18.06, 20.05) | Country or group maintaining measure: Indonesia | Countries indicating an interest: Switzerland |

(a) **Description:**

Customs and administrative procedures: various charges and taxes.

(b) **Comments by other countries:**

Switzerland: as far as the above products are concerned a registration tax is imposed:

- in respect of each individual importer and

- in respect of each consignment of a new product, or of the same product when imported in a different form.

The registration tax is considerably less in the case of domestic products and therefore of a discriminating nature.

(c) **Comments by country maintaining the measures:**

Indonesia neither imposes any customs and administrative procedures; various charges and taxes, nor does it apply any other NTB's on the above-mentioned products.
