At its meeting of July 1977, Group "Agriculture" adopted procedures for the submission of indicative lists regarding tariff and/or non-tariff concessions for agricultural products (MTN/AG/7, paragraph 6(a) and Annex).

In accordance with these procedures, the following indicative lists, addressed to Algeria, Argentina, Brazil, Bulgaria, Chile, Colombia, Dominican Republic, Egypt, Ghana, Greece, Guatemala, Haiti, India, Indonesia, Iran, Israel, Jamaica, Republic of Korea, Malaysia, Mexico, Nicaragua, Nigeria, Pakistan, Peru, the Philippines, Portugal, Romania, Thailand, Trinidad and Tobago, Uruguay, Venezuela, Yugoslavia and Zaire, have been submitted by Canada and are being circulated for the confidential information of all participants in the multilateral trade negotiations.

The Canadian Delegation has asked that attention be drawn to the following:

"The attached lists should be considered secret and for use only by the MTN participants."

"As regards product coverage, you will note that the Canadian lists contain fish, fishery product and alcoholic beverage items. We are aware that these products fall within BTN Chapters 1-24 and that some participants wish to treat them as 'agricultural' products; however, Canada does not regard negotiations on fish, fishery products or alcoholic beverages as being linked in any way to the item-by-item negotiations on agricultural products.

"The attached lists are being tabled with the understanding that they may be modified or supplemented as negotiations proceed."

**GENERAL**

In addition to the above measures notified by product, Jamaica maintains a general import prohibition offering many other agricultural and food items which should be the subject of negotiations. Items so covered include, for example, pork, pickles, tomatoe jolce, ginger, sugar confectionery, poultry meat, meat extracts, miscellaneous meat preparations, jams and sauces, condiments, and vegetables, other than the above in fresh or preserved (airtight container) form.
