At its meeting on 16 December 1975 Group "Agriculture" agreed to pursue its work in accordance with the procedural suggestions in document MTN/W/24 and, as an initial step, to undertake a process of information, examination and dialogue with respect to all tariff and non-tariff measures affecting agricultural products other than those covered by the product Sub-Groups. To this end, the countries concerned would notify to the secretariat any tariff and non-tariff measures affecting the agricultural products defined above that are of direct interest for their trade. Bilateral or plurilateral consultations would be organized, with the assistance of the secretariat, on the basis of the notifications received.

In accordance with this procedure, the attached notification has been received from Turkey.
