At its meeting on 20 December 1976, Group "Agriculture" agreed that delegations having participated in consultations should endeavour, in advance of the next meeting, to send to the secretariat summary notes with respect to the consultations in which they had participated. The secretariat would assemble and distribute the summaries in order to facilitate a decision concerning the further work of the Group.

In accordance with this procedure, Hungary has sent the secretariat the following note.

Report by Hungary on the Consultations Held with Canada Under the Procedures of MTN/AG/4

Consultations were held on 21 July 1977 between Hungary and Canada covering the notification addressed to Canada by Hungary contained in document MTN/AG/W/11/Add.4/Rev.1.

The Canadian delegation gave detailed explanations concerning the notified measures and considered that the consultation had served a useful function by further clarifying the interests of Hungary in the Canadian market, recognizing that the Hungarian notification was not necessarily exhaustive.

The Hungarian delegation found the consultation useful in that it provided an opportunity to understand the situation better.
