DEFINITION OF AGRICULTURAL PRODUCTS

Note by Sweden

At its meeting of 27 July 1977, Group "Agriculture" agreed that for the purpose of the negotiations, agricultural products shall in general be deemed to be the products falling within Chapters 1 to 24 inclusive of the CCCN. Participants may indicate to the secretariat, for the information of all other participants, any differences between this definition and their own. While it was understood that this may be done at any stage in the negotiations, it was considered desirable that any such differences be indicated as early as possible (MTN/AG/7, Annex, paragraph 3).

In accordance with this procedure, Sweden has presented the following note.

In accordance with procedures established at the meeting of Group "Agriculture" on 27 July 1977, I have the honour to request you to advise the other participants in the MTN that for Sweden, the following products are deemed to be agricultural products for the purpose of the negotiations:

- all the products falling within Chapters 1-24 of the CCCN.

- products falling within the following headings of the Swedish customs tariff (applicable as from 1 January 1978):

  ex 35.02 ovalbumin.

  ex 35.05 dextrines and dextrin glues: soluble or roasted starches: starch glues.

All these products are covered by the Swedish agricultural regulation system.
ex 35.07  prepared enzymes containing foodstuffs.

ex 38.12  prepared glazings, prepared dressings and prepared mordants of a kind used in the textile, paper, leather or like industries, with a basis of starch or amylaceous substances (except goods put up for sale in retail packagings not exceeding a net weight of 1 kg).

ex 38.19  foundry core binders containing starch or amylaceous products.

ex 39.06  starches modified by etherification, esterification or otherwise.

The Swedish Government reserves its right to propose at a later stage any additions to the list.
