NOTIFICATIONS UNDER THE PROCEDURES OF MTN/AG/4

Note by the Secretariat

1. At its meeting of 16 December 1975, Group "Agriculture" agreed to undertake a process of information, examination and dialogue with respect to all tariff and non-tariff measures affecting agricultural products other than those covered by the product sub-groups. To that end, the countries concerned would notify to the secretariat any tariff or non-tariff measures affecting the agricultural products defined above that are of direct interest for their trade (MTN/AG/4). Accordingly, all interested countries participating in the Multilateral Trade Negotiations were invited to submit their notifications to the secretariat (GATT/IR/1250). Since then, several delegations have indicated that it would help them in preparing their notifications if the secretariat could provide them with a pro-forma model. It is therefore suggested that delegations might wish to follow the model given overleaf for their convenience.
