Committee on Technical Barriers to Trade

PREPARATIONS FOR THE THIRD ANNUAL REVIEW AND THE FIRST THREE-YEAR REVIEW OF THE OPERATION AND IMPLEMENTATION OF THE AGREEMENT

Note by the Secretariat

1. The first two annual reviews of the implementation and operation of the Agreement on Technical Barriers to Trade were conducted under Article 15.8 of the Agreement, which reads: "The Committee shall review annually the implementation and operation of this Agreement taking into account the objectives thereof. The Committee shall annually inform the CONTRACTING PARTIES to the GATT of developments during the period covered by such reviews".

2. The third review of the operation and implementation of the Agreement will be conducted under the provisions of both Articles 15.8 and 15.9. Article 15.9 provides that: "Not later than the end of the third year from the entry into force of this Agreement and at the end of each three-year period thereafter, the Committee shall review the operation and implementation of this Agreement, including the provisions relating to transparency, with a view to adjusting the rights and obligations of this Agreement where necessary to ensure mutual economic advantage and balance of rights and obligations, without prejudice to the provisions of Article 12, and where appropriate proposing amendments to the text of this Agreement having regard, inter alia, to the experience gained in its implementation".

3. The first two reviews were carried out in accordance with arrangements agreed by the Committee. (For items dealt with in these reviews, see TBT/M/3, para.29 and Annex I). The results of the item-by-item examination by the Committee were incorporated in a single basic document following the first review (TBT/6) and following the second review in a series of documents updating the basic document (TBT/6/Suppl.1 and 2, TBT/W/25/Rev.2, TBT/W/28 and Suppl.1, TBT/W/31/Rev.2, TBT/W/37).

4. It is suggested that the first part of the 1982 review, to be conducted under Article 15.8, should follow as in previous years, the arrangements laid down in Annex I. The secretariat proposes to consolidate all the relevant information in a single background document to be issued in advance of the review. Delegations wishing to submit any information for inclusion in the background document should do so by 10 September 1982 at the latest.
5. For the second part of the review, dealing with the issues spelled out in Article 15.9, the Committee should invite delegations to submit, by 15 April 1982, any specific proposals they may wish to be considered in that context. It is suggested that a preliminary discussion of these proposals should take place at a meeting of the Committee on 24-25 May 1982. In the light of that discussion, the Committee would establish its agenda for the three-year review and make any other arrangements it deems necessary, which could include arrangements for further consultations on any proposals made.

6. It is further suggested that the meeting at which the Committee will conduct the two parts of the 1982 review should be held on 13-15 October 1982.

7. In order to facilitate consideration of the operation of the Agreement in 1980-1982, Annex 2 lists the items discussed by the Committee during that period with appropriate document references.
