The following notification is being circulated in accordance with Article 10.4.

2. Provision of the Agreement: Article 2.6.1

3. Product(s) covered, CCCN Heading (National Tariff Heading where applicable): Drugs which are intended for animal use exclusively (CCCN: 30.03)

4. Title of project: Amendment to the regulation with regard to the restriction on use of those drugs.

5. Description: The regulation adds eight drugs such as Benzylpenicillin Potassium, combination drug consisting of Sulfadimethoxine and Trimethoprim, etc. into the standard which prescribe usage, dosage and period of prohibition against the use of those drugs in case that those drugs are used to animals being slaughtered for food, and requires that the said standards be observed by users of the drug concerned and that the contents of the said standards be indicated on the package leaflet enclosed with the drug concerned.

6. Objective and rationale: For the protection of human health and the prevention of the residue in meat and eggs with regard to those drugs such as antibiotics.

7. Relevant document(s): Pharmaceutical Affairs Law
