The following notification is being circulated in accordance with Article 10.4.

2. **Provision of the Agreement:** Proposed technical regulation (article 2.5.2).

3. **Product(s) covered, CCCN Heading (National Tariff Heading where applicable):** Motor vehicles.

4. **Title of project:** To provide NHTSA with assistance in determining whether to propose a new safety standard.

5. **Description:** The new federal motor vehicle safety standard would require that each new motor vehicle be equipped with a device which would warn the driver when the tyre pressure in any of the vehicle's tyres was significantly below the recommended operating levels.

6. **Objective and rationale:** Human safety.

8. **Where published, when adopted:** Federal Register.

9. **Final date for submission of comments:** 27 March 1981.

10. **Proposed date of adoption and entry into force:** To be determined.
