The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: **UNITED STATES**

2. Agency responsible: Federal Communications Commission (130)

3. Notified under Article 2.5.2 [x], 2.6.1 [], 7.3.2 [], 7.4.1 [], Other:

4. Products covered (CCCN where applicable, otherwise national tariff heading): Medical diagnostic equipment

5. Title: To exempt medical diagnostic equipment from the Commission's rules

6. Description of content: This is a proposal to exempt medical computing devices marketed for use in hospitals from the measurement, recordkeeping and labelling rules for assessing electromagnetic interference, which are contained in Sub-Part J of Part 15 of the rules of the Federal Communications Commission.

7. Objective and rationale: It appears likely that medical computing devices in hospitals have a lower risk of interference, and this rule will reduce undue economic burdens on manufacturers of this equipment.

9. Proposed dates of adoption and entry into force: To be determined

10. Final date for comments: 5 October 1981

11. Texts available from: National enquiry point [x] or address of other body:
