The following notification is being circulated in accordance with Article 10.4.

1. **Party to Agreement notifying:** SINGAPORE

2. **Agency responsible:** Singapore Institute of Standards and Industrial Research (SISIR)

3. **Notified under Article:** 2.5.2 [X], 2.6.1 [ ], 7.3.2 [ ], 7.4.1 [ ], Other:

4. **Products covered (CCCN where applicable, otherwise national tariff heading):**
   Float operated valves (excluding floats) diaphragm type (plastic body) for cold water services

5. **Title:** Specification for Float Operated Valves (excluding Floats): Diaphragm Type (Plastic Body) for Cold Water Services (Endorsement with Amendment of BS 1212: Part 3: 1979)

6. **Description of content:** This standard specifies the dimensional and operational requirements of float operated valves (diaphragm type) with plastic bodies suitable for use with cold water services. Besides providing measures against back siphonage, it also includes specifications on materials, workmanship and performance tests. The endurance requirement of this standard has been amended to keep it in line with Singapore Standard 68 : 1979.

7. **Objective and rationale:** Protection of life at sea

8. **Relevant documents:** The endorsed British Standard is only available for study at the SISIR library (2nd floor). Complementary copies are not available as this standard is not published by SISIR.

9. **Proposed dates of adoption and entry into force:** Not specified

10. **Final date for comments:** 30 October 1981

11. **Texts available from:** National enquiry point [X] or address of other body:
