The following notification is being circulated in accordance with Article 10.4.

1. **Party and Agency:** United States: Environmental protection agency (77) - 81.45

2. **Provision of the Agreement:** Proposed technical regulation (Article 2.5.2)

3. **Product(s) covered, CCCN Heading (National Tariff Heading where applicable):**
   - Animals

4. **Title of project:** Exemption from the requirement of a tolerance

5. **Description:** This amendment proposes that the inert (or occasionally active) ingredient, potassium hydroxide in pesticide formulations, be exempted from the requirement of a tolerance when applied to animals.

6. **Objective and rationale:** It has been found that, when used in accordance with good agricultural practice, potassium hydroxide is useful and does not pose a hazard to the environment or public health.

7. **Relevant document(s):** 46 fr 11681, 10 February 1981, 40 cfr part 180

8. **Where published, when adopted:** Federal Register

9. **Final date for submission of comments:** 12 March 1981

10. **Proposed date of adoption and entry into force:** To be determined
