The following notification is being circulated in accordance with Article 10.4.

1. Party and Agency: **Switzerland**: Federal Police Bureau

2. Provision of the Agreement: 2.5.2

3. Product(s) covered, CCCN Heading (National Tariff Heading where applicable):
   Motor vehicles: CCCN No. 8702

4. Title of project: Amendment of regulations on motor vehicle exhaust gases

5. Description:* It is intended to denounce ECE regulation No. 15 and to reduce in two steps the maximum limits for harmful components of motor vehicle exhaust gases:
   - 1.10.1982:
     - Application of maximum limits corresponding to the United States Federal Standards of 1974 (CO = 24.2 g/km, HC = 2.1 g/km, NO\textsubscript{x} = 1.9 g/km)
   - 1.10.1986:
     - Application of maximum limits corresponding to the United States Federal Standards of 1977 (CO = 9.3 g/km, HC = 0.9 g/km, NO\textsubscript{x} = 1.2 g/km)
   These maximum limits are based on the driving-cycle and the CVS test method applied in the United States in 1974.

6. Objective and rationale: Protection of public health and the environment

8. Where published, when adopted: The text may be obtained from the national inquiry point; one copy has been filed with the secretariat where it may be consulted (Office 1073)

9. Final date for submission of comments: 15.6.1981 at the latest

10. Proposed date of adoption and entry into force:

*Additional information may be consulted at the GATT secretariat (Office 1073).
