NOTIFICATION

The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: SWEDEN

2. Agency responsible: National Industrial Board

3. Notified under Article 2.5.2 ☑, 2.6.1 ☑, 7.3.2 ☑, 7.4.1 ☐, Other:

4. Products covered (CCCN where applicable, otherwise national tariff heading):
   Electrical equipment designed for connexion to the power current mains

5. Title: Draft revised regulation on control of certain electrical installation equipment

6. Description of content: The changes in comparison to existing regulations concerning the draft revised regulation consist of, inter alia, new requirements for approval of certain equipment adapted to high voltage limits and for approval of cord sets. Some exceptions from the requirements of approval are made for equipment which is dimensioned for extra low voltage. The official testing is carried out by the Swedish Institute for Testing and Approval of Electrical Equipment.

7. Objective and rationale: Protection for human health or safety.

8. Relevant documents: The draft revised regulation is to replace the existing regulations Ser A 1967 Nr. 2 and KFS 1973:3, issued by the Board of Commerce and regulations SIND-FS 1976:7 and SIND-FS 1978:5, issued by the National Industrial Board.

9. Proposed dates of adoption and entry into force: 1 January 1983

10. Final date for comments: 13 April 1982

11. Texts available from: National enquiry point ☑ or address of other body:
