The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: UNITED KINGDOM

2. Agency responsible: Department of Industry

3. Notified under Article 2.5.2 [X], 2.6.1 [], 7.3.2 [], 7.4.1 [], Other:

4. Products covered (CCCN where applicable, otherwise national tariff heading):
   Mobile and land stations for the United Kingdom
   Cellular radio system TACS (Total Access Communication System)

5. Title: United Kingdom Total Access Communications System
   Mobile Land Station Compatibility Specification

6. Description of content: This notification draws attention to the first interface specification for the new British mobile radio system known as TACS. This specification has been produced in draft form and defines the "air interface" between the mobile radio equipment and the base station.

7. Objective and rationale: The specification sets down technical requirements to ensure that type-approved apparatus can interface to the TACS system.

8. Relevant documents: -

9. Proposed dates of adoption and entry into force: Mid-July 1983

10. Final date for comments: 7 July 1983

11. Texts available from: National enquiry point [ ] or address of other body:
    Mr. J. A. Adams (TEP2 1), British Telecom Research Laboratories, Martlesham Heath, Ipswich IP5 7RE
