The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: **SWEDEN**

2. Agency responsible: Swedish Products Control Board

3. Notified under Article 2.5.2, 2.6.1, 7.3.2, 7.4.1, Other:

4. Products covered (CCCN where applicable, otherwise national tariff heading):
ex CCCN 22, 25, 27-29, 31-40, 68, 70, 78

5. Title: Swedish Ordinances on revision of the Ordinances on Product Notification (SNFS 1979:2) and on Declarations of certain products (SNFS 1979:3)

6. Description of content: The revision of the Ordinance on Product Notification implies an extension of the information as to those products which should be notified (ex CCCN 22, 25, 27-29, 31-40, 68, 70, 78). This information refers to the field of application of the product, the annual produced or imported quantities, the function of the product as well as information on whether the product is labelled "Gift" ("Poison") or "Vädligt" (substances and preparations hazardous to health, other than poison).

   The revision of the Ordinance on Declaration of certain products implies an extension of the product group for declaration to correspond to those chapters mentioned above. As to the obligation to declare the composition of a product there will be different rules for products within CCCN 22, 28 and 29, and for products within the other chapters. For products within CCCN 22, 28-29 the obligation remains to declare the complete chemical composition according to the Ordinance SNFS 1979:3 with the possibility that this information could be submitted by another party than the producer or importer. For other product groups which have not previously been declared the obligation of declaration will apply to such substances and known contaminations which are considered hazardous to health. This information shall always be submitted by the producer or the importer, i.e. the one who has the legal responsibility in Sweden according to the Act on Products hazardous to Health and to the Environment.

7. Objective and rationale: Protection of human, animal and plant life and of the environment

8. Relevant documents:

9. Proposed dates of adoption and entry into force: September 1983

10. Final date for comments: 31 August 1983
