## The following notification is being circulated in accordance with Article 10.4.

1. **Party to Agreement notifying:** HUNGARY

2. **Agency responsible:** Hungarian Office for Standardization

3. **Notified under Article 2.5.2, 2.6.1, 7.3.2, 7.4.1, Other:**

4. **Products covered (CCCN where applicable, otherwise national tariff heading):**
   - Electrical luminaires

5. **Title:** Electrical luminaires
   - General requirements and tests

6. **Description of content:** The technical regulation was based on IEC Publication 598-1 (1979). The following divergences from the IEC standard were made to suit Hungarian conditions:
   - The application of safety class 0 is not permitted.
   - In contradiction to the prescriptions of the IEC, the application of earthing connection is not permitted for safety class II equipment.
   - The thickness of the insulation is prescribed to be at least 0.4 mm. This is 0.6 mm in the IEC publication.

7. **Objective and rationale:** Safety

8. **Relevant documents:** Szabványügyi Közlöny, 1983, vol. 35, No. 23

9. **Proposed dates of adoption and entry into force:** 1 January 1984

10. **Final date for comments:** 1 December 1983

11. **Texts available from:** National enquiry point or address of other body.
