The following notification is being circulated in accordance with Article 10.4.

1. **Party to Agreement notifying:** JAPAN

2. **Agency responsible:** Technical Investigation Division, Radio Regulatory Bureau, Ministry of Posts and Telecommunications.

3. **Notified under Article 2.5.2[ ] 2.6.1[ ] 7.3.2[ ] 7.4.1[ ] Other:**

4. **Products covered (CCCN where applicable, otherwise national tariff heading):**
   - Ultrasonic cleaners, ultrasonic machining equipment, ultrasonic welders, electromagnetic induction-cooking ranges (CCCN: 85.06, 85.11)

5. **Title:** Amendment to the Ordinance for Executing the Radio Law

6. **Description of content:** To add to the coverage of the type designation system ultrasonic cleaners, ultrasonic machining equipment, ultrasonic welders, electromagnetic induction-cooking ranges. The aforesaid equipment can be certified to conform to the electrical conditions, i.e., frequency, RF output power, leaked radiation field strength and so forth, (and the applicants can affix the certification marks to the equipment) under the type designation system.

   As a result, a person who intends to install such equipment will not be required to apply for permission to set up such equipment under the Radio Law.

7. **Objective and rationale:** Reduction of burden on those who establish the FR utilizing equipment and simplification of administrative procedures.

8. **Relevant documents:** The Radio Law

9. **Proposed dates of adoption and entry into force:**
   - Proposed date of adoption: 30 May 1983
   - Proposed date of entry into force: 6 June 1983

10. **Final date for comments:** 27 May 1983

11. **Texts available from:** National enquiry point[ ] or address of other body:
