**NOTIFICATION**

The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: **SWEDEN**

2. Agency responsible: Swedish Electrotechnical Commission, National Energy Administration and Swedish Institute for Testing and Approval of Electrical Equipment (SEMKO AB)

3. Notified under Article 2.5.2, 2.6.1, 7.3.2, 7.4.1, Other:

4. Products covered (CCCN where applicable, otherwise national tariff heading):
   - Electric domestic apparatus 85.06

5. Title: (Draft Standards)
   - Safety of household and similar electrical appliances - General requirements
   - Special requirements - Electronic circuits

6. Description of content: The Swedish National Energy Administration will approve test methods according to draft Swedish Standards SS 433 07 01 and SS 433 07 84. The drafts correspond to Amendment 3 of the IEC Publication 335-1. However, certain deviations have been made as far as electronic circuits are concerned. The standards are intended to be used in connection with the compulsory approval to be carried out by SEMKO, the Swedish Institute for Testing and Approval of Electrical Equipment.

7. Objective and rationale: Protection for human safety

8. Relevant documents: Will be published as a regulation by the National Energy Administration. When adopted the standards will bear also the references SEMKO 9335-1 and 9335-2-304 respectively.

9. Proposed dates of adoption and entry into force: To be determined later

10. Final date for comments: 31 July 1984

11. Texts available from: National enquiry point or address of other body: [84-1136]
