The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: **SWEDEN**

2. Agency responsible: Swedish Electrotechnical Commission, National Energy Administration and Swedish Institute for Testing and Approval of Electrical Equipment (SEMKO AB)

3. Notified under Article 2.5.2, 2.6.1, 7.3.2, 7.4.1, Other:

4. Products covered (CCCN where applicable, otherwise national tariff heading):
   - Electric domestic apparatus 85.06

5. Title: (Draft Standard)
   - Safety of household and similar electrical appliances - Particular requirements for range hoods

6. Description of content: The Swedish National Energy Administration will approve test methods according to draft Swedish Standard SS 433 07 31. The draft corresponds to IEC Publication 335-2-31, Part 2. However, certain deviations have been made. The Swedish standard is intended to be used in connection with the compulsory approval to be carried out by SEMKO, the Swedish Institute for Testing and Approval of Electrical Equipment.

7. Objective and rationale: Protection for human safety

8. Relevant documents: Will be published as a regulation by the National Energy Administration. When adopted the standard will bear also the reference SEMKO 9335-2-31.

9. Proposed dates of adoption and entry into force: To be determined later

10. Final date for comments: 30 September 1984

11. Texts available from: National enquiry point or address of other body:
