NOTIFICATION

The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: INDIA

2. Agency responsible: Indian Standards Institution

3. Notified under Article 2.5.2 [x], 2.6.1 [x], 7.3.2 [x], 7.4.1 [x], Other:

4. Products covered (CCCN where applicable, otherwise national tariff heading):
   Cold Rolled Low Carbon Steel Sheet and Strip (CCCN 73.12 and 73.13)

5. Title: DOC:SMDC 5(2860) Specification for Cold Rolled Low Carbon Steel Sheet and Strip (Third Revision of IS:513 incorporating IS:4030)

6. Description of content: This standard covers requirements of cold rolled carbon steel sheet and strip for bending and drawing purposes and where surface is of prime importance. It covers sheets up to 4mm thick both in coil form and cut length and strip up to 5mm thick with a maximum width of 600mm. In this revision requirements of sheets and strips have been combined, chemical composition requirements for various grades modified and requirements for tensile properties included.

7. Objective and rationale: The standard is being revised in view of the requirements of the consuming industries in India.

8. Relevant documents:
   (a) Notice appears in Standards Monthly Additions;
   (b) Basic documents are IS:513-1973 Specification for Cold Rolled (Carbon Steel Sheets (Second Revision) and IS:4030-1973 Cold Rolled Carbon Steel Strip for General Engineering Purposes (First Revision);
   (c) On adoption, notice will appear in Gazette of India, Standards Monthly Addition and ISI Bulletin.

9. Proposed dates of adoption and entry into force: After about one year

10. Final date for comments: 30 July 1984

11. Texts available from: National enquiry point [x] or address of other body:
