**NOTIFICATION**

The following notification is being circulated in accordance with Article 10.4.

1. **Party to Agreement notifying:** UNITED KINGDOM

2. **Agency responsible:** National Weights and Measures Laboratory, Department of Trade and Industry

3. **Notified under Article 2.5.2 [X], 2.6.1 [ ], 7.3.2 [ ], 7.4.1 [ ], Other:**

4. **Products covered (CCCN where applicable, otherwise national tariff heading):**
   - Filling and discontinuous totalising automatic weighing machines (CCCN: 84.20)

5. **Title:** The Weighing Equipment (Filling and Discontinuous Totalising Automatic Weighing Machines) Regulations 1985

6. **Description of content:** The Regulations prescribe filling and discontinuous totalising automatic weighing machines. Provisions include the purposes for which such equipment may be used for trade; the materials, principles of construction and markings used; their manner of erection and use for trade; their testing, passing as fit for use for trade and stamping (and obliteration of stamps); and their prescribed limits of error.

7. **Objective and rationale:** The Regulations update existing regulations, made under the Weights and Measures Act 1963, which control weighing or measuring equipment in use for trade in the United Kingdom.

8. **Relevant documents:** The Weights and Measures Regulations 1963, Statutory Instrument 1963 No. 1710

9. **Proposed dates of adoption and entry into force:** November 1985

10. **Final date for comments:** 3 September 1985

11. **Texts available from:** National enquiry point [X] or address of other body:
