## NOTIFICATION

The following notification is being circulated in accordance with Article 10.4.

1. **Party to Agreement notifying:** JAPAN

2. **Agency responsible:** Nippon Telegraph and Telephone Public Corporation (NTT)

3. **Notified under Article 2.5.2 [X], 2.6.1 [ ], 7.3.2 [ ], 7.4.1 [ ], Other:**

4. **Products covered (CCCN where applicable, otherwise national tariff heading):**
   - Terminal equipment for telecommunications networks (excluding those connected to telephone networks)

5. **Title:** Establishment of technical requirements for terminal equipment connected to telecommunications networks (excluding those connected to telephone networks)

6. **Description of content:** This document specifies the electrical and network control requirements for terminal equipment connected to telecommunications networks (excluding those connected to telephone networks). They are based on current technical requirements established by NTT and set down minimum technical requirements in order to prevent damage to networks, to prevent inconvenience to other users and to clarify the division of responsibilities.

7. **Objective and rationale:** To ensure the sound development of telecommunications

8. **Relevant documents:**
   - The basic law is the Telecommunications Business Law. The establishment of the said requirements will be published in "KAHPO" (Official Government Gazette) when adopted.

9. **Proposed dates of adoption and entry into force:** 1 April 1985

10. **Final date for comments:** 23 March 1985

11. **Texts available from:** National enquiry point [X] or address of other body:
