</table>

5. Title: The Importation of Dead Fish Order 1985
   Made under Section 10 of the Animal Health Act 1981

6. Description of content: The proposed Order would prohibit the bringing into Great Britain of uneviscerated dead fish of the salmon family except under the authority of a licence granted to the importer by the appropriate fisheries department.

   Fish landed in contravention of the Order would be re-exported, destroyed or otherwise disposed of in such manner as may be specified or retained under specified conditions. Any premises, place or vehicle where the fish have been present would have to be cleansed and disinfected and any container where the fish have been present would have to be either cleansed or destroyed or disposed of in some other specified way.

7. Objective and rationale: To prevent serious fish diseases being introduced into Great Britain via the viscera of imported dead fish of the salmon family.

8. Relevant documents: None

9. Proposed dates of adoption and entry into force: June 1985

10. Final date for comments: 30 April 1985
