### NOTIFICATION

The following notification is being circulated in accordance with Article 10.4.

1. **Party to Agreement notifying:** SWEDEN

2. **Agency responsible:** Swedish Electrotechnical Commission, National Energy Administration and Swedish Institute for Testing and Approval of Electrical Equipment (SEMKO)

3. **Notified under Article 2.5.2, 2.6.1, 7.3.2, 7.4.1, Other:**

4. **Products covered (CCCN where applicable, otherwise national tariff heading):**
   - Control cables (ex CCCN 85.23)

5. **Title:** Control Cables - PVC-Insulated, PVC-Sheathed Control Cables for Electronic Equipment. Type FKAR. Rated Voltage 150/250 V - Design and Testing

6. **Description of content:** The Swedish Electrotechnical Commission has prepared a draft standard concerning design and testing of PVC-insulated, PVC-sheathed control cables for electronic equipment, type FKAR, rated voltage 150/250 V (SS 424 03 23). The Swedish National Energy Administration will approve the requirements in the draft standard which is intended to be used in connection with the compulsory approval to be carried out by the Swedish Institute for Testing and Approval of Electrical Equipment, SEMKO. The draft standard will be published as a Swedish standard to which the National Energy Administration will refer.

7. **Objective and rationale:** Protection for safety to man and property

8. **Relevant documents:** When published the draft standard SS 424 03 23 will also bear the reference SEMKO 9227-2-302

9. **Proposed dates of adoption and entry into force:** To be determined later

10. **Final date for comments:** 1 December 1986

11. **Texts available from:** National enquiry point or address of other body:
   - 86-1556
