The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: **SWEDEN**

2. Agency responsible: Swedish Electrotechnical Commission, National Energy Administration and Swedish Institute for Testing and Approval of Electrical Equipment (SEMKO)

3. Notified under Article 2.5.2 [X], 2.6.1 [], 7.3.2 [], 7.4.1 [], Other: 

4. Products covered (CCCN where applicable, otherwise national tariff heading):
   Fan heaters (ex CCCN 85.06, 85.12)

5. Title: Design and Testing of Electric Fan Heaters

6. Description of content: The Swedish Electrotechnical Commission has elaborated a draft technical specification on design and testing of electric fan heaters for use in fire hazardous locations, excluding rooms with explosive atmosphere. The Swedish National Energy Administration will approve the requirements in the specification which is intended to be used in connection with the compulsory approval to be carried out by the Swedish Institute for Testing and Approval of Electrical Equipment, SEMKO. The draft consists of a supplement to the publication SEMKO 111 F-1978 (CEE Publication 11, Part II, section F) - particular requirements on design and testing of room heaters and similar devices.

7. Objective and rationale: Protection for safety to man and property

8. Relevant documents: The new specification will be issued as Supplement 1 - additional requirement to SEMKO 111 F-1978

9. Proposed dates of adoption and entry into force: To be determined later

10. Final date for comments: 10 December 1986

11. Texts available from: National enquiry point [X] or address of other body:
