The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: CANADA

2. Agency responsible: Department of Communications

3. Notified under Article 2.5.2, 2.6.1, 7.3.2, 7.4.1, Other:

4. Products covered (CCCN where applicable, otherwise national tariff heading):
   Radio equipment

5. Title: Radio Standards Procedure 100, Issue 6

6. Description of content: This notice concerns the release of Issue 6 of Radio Standards Procedure (RSP) 100. A description of the current practice for certification of radio equipment used for aeronautical radio navigation and radio communications has been added in this issue. It includes the relevant material previously contained in Radio Standards Specifications 160 and 161 and Radio Standards Procedure 107 which are being cancelled. RSP-100 Issue 6 clarifies the intent of RSP-100 Issue 5 regarding the requirement of submitting radio equipment which has the capability to connect to the public telecommunication network for certification under the Terminal Attachment Program.

7. Objective and rationale: See No. 6

   (ii) Radio Standards Procedure (RSP) 100, Issue 6

9. Proposed dates of adoption and entry into force: Not stated

10. Final date for comments: 23 September 1987

11. Texts available from: National enquiry point or address of other body:
