NOTIFICATION

The following notification is being circulated in accordance with Article 10.4

1. Party to Agreement notifying: **SWEDEN**

2. Agency responsible: Swedish Electrotechnical Commission, National Energy Administration and Swedish Institute for Testing and Approval of Electrical Equipment (SEMKO)

3. Notified under Article 2.5.2 [ ] 2.6.1 [ ] 7.3.2 [ ] 7.4.1 [ ] Other:

4. Products covered (CCCN where applicable, otherwise national tariff heading):
   Electrical supply track systems

5. Title:
   Electrical supply track systems for luminaires - General requirements and test

6. Description of content:
   The Swedish Electrotechnical Commission has prepared a draft standard concerning electrical supply track systems for luminaires with general requirements and tests (SS 431 11 70). The draft standard is intended to be used as a basis for the compulsory approval to be carried out by the Swedish Institute for Testing and Approval of Electrical Equipment, SEMKO. The draft standard will be published as a Swedish standard to which the National Energy Administration will refer.

   The draft standard consists of a translation of IEC Publication 570, Second edition, 1985, together with an annex "Avvikelsebilaga", and is intended to replace the existing standard.

7. Objective and rationale: Protection for safety of man and property

8. Relevant documents: When published SS 431 11 70 will bear the additional reference SEMKO 9570

9. Proposed date of adoption and entry into force: To be determined later

10. Final date for comments: 21 January 1988

11. Texts available from: National enquiry point [X] or address of other body: 87-1961
