Item 6 of TBT/Notif.88.237 by Norway should be amended to read:

As regards the fineness of all parts of the article, with the exception of parts as are described in section 5, occasional negative deviations of three parts per thousand for gold and platinum and five parts per thousand for silver may be accepted.

Articles to be marked with the CCM will not be affected.

Under item 10, the final date for comments is extended to 15 April 1989.
