The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: **SWEDEN**

2. Agency responsible: The Swedish Defence Research Establishment

3. Notified under Article 2.5.2 [X], 2.6.1 [], 7.3.2 [], 7.4.1 [], Other:

4. Products covered (CCCN where applicable, otherwise national tariff heading):
   - Shock absorbers
   - Ventilating fan units (HS eg ex 84:15)
   - Protective filters

5. Title:
   - Impregnated Active Carbon for Collective Filters (TB 40001)
   - Shock Absorber for Air Intake to Small Shelters (TB 40002)
   - Protective Filter 21 m³.h⁻¹ (TB 40003)
   - Ventilating Fan Unit to Air Purifier for Small Shelters (TB 40004)
   - Shock Absorber for Air Outlet for Small Shelters (TB 40005)

6. Description of content: The regulation on impregnated active carbon for collective filters concerns requirements on content of fine-grain, moisture content, air flow resistance, wear resistance, resistance time against chloropicrin, hydrogen cyanide and cyanogen chloride. The regulation also covers marking. The regulations TB 40002 and 40003 and TB 40004 cover product quality and control. Manufacturing of this kind of equipment requires permission. The regulation on shock absorbers for air outlet for small shelters covers product quality and control. This equipment has to be approved.

7. Objective and rationale: National security

8. Relevant documents:

9. Proposed dates of adoption and entry into force: To be determined later

10. Final date for comments: 12 April 1988

11. Texts available from: National enquiry point [X] or address of other body:
