NOTIFICATION

The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: FINLAND

2. Agency responsible: Electrical Inspectorate

3. Notified under Article 2.5.2 [X], 2.6.1 [], 7.3.2 [], 7.4.1 [], other:

4. Products covered (HS or CCCN where applicable, otherwise national tariff heading):

   All electrical equipment

5. Title: KL 108-91; Marking of Mains Connectors in Electrical Equipment and Identification Colours of PE-Conductors Inside the Equipment (available in Finnish and English, 3 pages)

6. Description of content: The standards applying to electrical equipment contain a variety of requirements for the identification colours of the conductors inside the equipment. A conductor with yellow-green stripes shall only be used as the protective conductor, whereas yellow-green stripes are not required in all appliances to indicate the protective conductor.

7. Objective and rationale: To amend a national deviating requirement to recommendation.

8. Relevant documents: The document will be published as a circular of the Electrical Inspectorate.

9. Proposed date of adoption and entry into force:

10. Final date for comments: 28 February 1992

11. Texts available from: National enquiry point [X] or address of other body:

   92-0053
